

## **US GOVERNMENT CONTRACT FLOWDOWN REQUIREMENTS (JUNE 2025)**

### **1. General**

- a. If an Order is placed at any tier under a prime contract, additional US Government (hereinafter, "USG") clauses shall apply as set forth herein. In the event of a conflict between a provision in this document and the Terms and Conditions of an Order, this document, including the clauses contained herein, shall control to the extent permitted by law. For the avoidance of doubt, any dispute, action, or claim relating to or arising out of a Prime Contract, and to which the USG is a party, shall be exclusively governed by federal laws of the US. Nothing in the Order shall service to grant Seller a direct claim or cause of action against the USG.
- b. While Buyer has made every effort to include every potentially applicable clause in this document, clauses, the inclusion of which in a subcontract to a prime contract is mandatory under USG acquisition regulations, shall be considered to be included by operation of law, even if it has been omitted from this document and the Order.
- c. Seller shall incorporate into each lower-tier subcontract placed in support of the Order all applicable clauses in accordance with the flowdown requirements specified in each such clause.
- d. Seller shall indemnify and hold Buyer harmless from and against any cost, price reduction, withholding, offset, penalty, interest, claim, demand, determination of unallowability or unallocability, or any other civil, criminal, or administrative liability, whether arising under statute, regulation, contract or common law, and shall reimburse Buyer for all of its damages and associated costs, including reasonable attorney fees and other expenses, if said liability is attributable to the Seller or Seller's subcontractors' failure to comply with the applicable clauses.
- e. Notwithstanding any other provision in this document, Seller shall comply with, and shall support Buyer's compliance with, any applicable USG acquisition regulations and policies.

### **2. Incorporation of FAR and DFARS Clauses.**

- a. The clauses listed below are incorporated by reference in the Order, with the same force and effect as if they were given full text and notwithstanding the requirements of FAR 52.102. The effective version of each clause shall be the same version as that which appears in the prime contract or higher-tier subcontract under which the Order is issued. In the event of a conflict between the clauses in this document and the clauses set forth in the Order, these clauses shall control. In the event of a conflict with, or in addition to, a clause in effect on the Order date and a clause of the prime contract, the prime contract clause shall control. If, based on

their content, any of the clauses do not apply to the Order, such clauses are considered self-deleting. The full text of these clauses can be accessed at

<https://www.acquisition.gov/content/regulations>.

- b. The clauses listed in this document may require submission of certifications and representations. When requested by Buyer, Seller shall furnish any certification or representation that Buyer determines is necessary for compliance with such requirements.
- c. Whenever necessary to make the context of the clauses applicable to the Order, the term "Contractor" shall mean Seller, the term "Contract" shall mean the Order, and the term "Government", "Contracting Officer" and equivalent phrases shall mean Buyer, except the terms "Government" and "Contracting Officer" do not change: (a) in the phrases, "Government Property", "Government-Furnished Property", and "Government-Owned Property", (b) in the patent clauses incorporated herein, (c) when a right, act, authorization, or obligation can be granted or performed only by the Government or the Contracting Officer or a duly authorized representative, (d) when title to property is to be transferred directly to the Government, (e) when access to the Proprietary Information is required, except as specifically otherwise provided herein, and (f) where specifically modified herein.
- d. The clauses listed below under the heading, "Commercial Products and Commercial Services Acquisitions," are applicable when the Seller is furnishing Goods or Services that qualify as a "commercial product" or "commercial service" under FAR 2.101. Upon request, Seller shall provide relevant documentation to support Seller's assertion that its Goods or Services satisfy the definition of a "commercial product" or "commercial service" under FAR 2.101. Further, Sellers of commercial products and commercial services agree to all additional clauses in Buyer's higher-tier contract necessary for Buyer to satisfy its contractual obligations as they relate to the Order.
- e. By accepting an Order issued, Seller hereby certifies that its last "Annual Seller Registration Data, Representations and Certifications" submitted to Buyer is current, accurate and complete as of the date of the Order.
- f. To the extent an Order includes a Defense Priorities and Allocation System ("DPAS") rating (a "DPAS Rated Order"), Seller shall follow all the provisions of 15 CFR 700 Et. Seq. (the "DPAS Regulation"). All DPAS rated Orders must be accepted or rejected in writing (hardcopy or electronic format) as follows: (i) "DO" DPAS rated Orders must be accepted or rejected within 15 working days after Order receipt by Seller; (ii) "DX" DPAS rated Orders must be accepted or rejected within 10 working days after Order receipt by Seller; and (iii) rejections must specify the reason for the rejection. For Orders that includes both DPAS rated Order quantities and unrated Order quantities, Seller is only required to follow the DPAS Regulation as it pertains to rejection of the DPAS rated Order quantities.
