HeartStart OnSite Defibrillator

The First Defibrillator Available Without a Prescription to Commercial Users

Philips, the leader in portable defibrillation innovation, designed the HeartStart OnSite Defibrillator for the ordinary person in the extraordinary moment. The first commercial defibrillator without a prescription, the OnSite is designed to be the easiest to use and most reliable defibrillator available. The innovative technology, based on extensive research and user feedback, has produced a defibrillator so easy-to-use that you can potentially save the life of a coworker, friend, or anyone else stricken with sudden cardiac arrest. Weighing just 3.3 pounds, this small and lightweight defibrillator can be easily carried to the victim’s side. Using clear, calm voice instructions, the OnSite Defibrillator guides you through each step of defibrillation, including CPR coaching. Integrated SMART pads placed on the victim’s bare skin transmit information to the defibrillator, which senses and adapts to your actions every step of the way. HeartStart OnSite includes proven Philips technologies for heart rhythm assessment (SMART Analysis) and defibrillation energy delivery (SMART Biphasic). And like all HeartStart defibrillators, it can be used to treat infants and children as well as adults. Optional infant pads available. Contact Darley for details.

Self-Test Ensures Readiness:

- Daily self-tests check electrical components, subsystem, pads and battery
- Self-test also verifies that the pads cartridge is installed and in working order
- Blinks green “Ready” light means the OnSite has passed its last self-test, so you can be confident the defibrillator is ready for use

Long Battery Life:

- 5-year shelf life plus 4-year installed life
- Same battery technology used with confidence in millions of cameras

Easy-to-Use:

- Using the HeartStart Defibrillator is simple. Pulling the green handle activates the defibrillator and voice instructions. These instructions are paced to your actions, to help guide you through the entire process from placing each pad on the patient to delivering a defibrillation shock.

Defibtech Lifeline AEDs

Defibtech Lifeline AED’s breakthrough in design technology makes it possible for every budget to afford a life-saving AED. Mere seconds can mean the difference between life and death. The Defibtech Lifeline AED can be used with minimal steps to analyze and treat the patient’s condition. From the moment someone suffers sudden cardiac arrest, the inspired design features of the Defibtech Lifeline AED (Automatic External Defibrillator) shaves precious seconds off the defibrillation process. Seconds that could save more lives.

**Defibtech Lifeline View With Screen Also Features:**

- **Video Screen:** Shows you what to do in an emergency.
  Just one touch turns on the AED, lights up the interactive screen and a clear, calm voice tells you what to do with clear, easy to understand pictures and text so you can read it, see it and hear it.

**Water-Jel Fire Blanket**

A one-step system for Emergency First Aid on a burn victim. It puts out the fire, stops burn progression and cools the skin, eases pain, and protects against airborne contamination. Water-Jel Fire Blankets consist of a scientifically formulated cooling gel and a special carrier. The 100% worsted wool blanket is soaked in a water-based/water-soluble, bacteriostatic and biodegradable gel. The full size blanket adequately covers a patient or can be used to douse a fire or dangerous white phosphorous. **Dimensions: 5’x6’’. Shelf life: 5 years. Ship. wt. 21 lbs.**

AA714 Water-Jel Fire Blanket $169.95

---

**Water-Jel Burn Wrap**

Smallest and most versatile of the blankets, it is ideal for covering torso, leg, or entire back injuries. **Dimensions: 3’x21/2’. Shelf Life: 5 years. Ship. wt. 10 lbs.**

X856 Water-Jel Burn Wrap $75.95

---

**8” x 18” Burn Dressing**

The largest burn dressing - excellent to cover sizeable areas such as the thigh, shoulder, or back area. Large enough to wrap around the bottom portion of the leg or the thorax area. Gel-soaked, sterile, and foil-packed. **Shelf life: 5 years. Ship. wt. 3 lbs.**

X857 8”x18” Burn Dressing $14.95
