**Fast Lok Kit**

Securing Larger & Heavier Items Has Never Been Easier

**Features:**
- Easily and quickly secure equipment even with gloved hands
- Track base provides fast setup and adjustment
- No metal to metal contact
- UV resistant
- Fast locking lever
- Adjustable strap length and width supports
- NFPA 1901 Compliant

**Secures:**
- Fire extinguishers
- Air cylinders
- Hydraulic pumps
- Rescue tools
- Chain saws
- Oxygen cylinders
- Much more

**Features:**
- Secures many popular models of cutter, spreader and combination tool upright in the compartment
- Features more than 10 individually adjustable components, including tilt angles, for a most secure fit
- Reusable. Accommodate a new/replacement tool with only a few minor adjustments
- Eliminates need for expensive custom box fabrication when purchasing a new apparatus or replacing tools on an existing one
- Heavy duty, lightweight aluminum construction

**Wall Mount Can Holders**

Wall mount can holders lower the risk of rolling, falling, leaking, denting, and puncturing during transport. Keeps cans organized and easy to locate in a hurry. Mount it to a compartment wall and save space on the shelf below.

- BL674 and BL754: Fits 32 oz. 3 3/8" diameter
- BL713: Fits 12 oz. 2 3/4" diameter
- BL755: Fits 1 gallon (7"x4 1/2")

**Multiversal Extrication Tool Holder**

- BL466 Multiversal Extrication Tool Holder $360.95

**Horizontal Extrication Tool Holder for Wrap Around Handles**

Designed for the horizontal mounting of cutters, spreaders, and combs with grip handles that wrap completely around the tool body. Consists of four heavy-duty aluminum components—one cradle, one strap bracket and two tip brackets. Mounts to virtually any flat surface. Great for use in bumper, “Coffin” compartments and other spaces where storage height is restricted. Gravity keeps the tool resting firmly in the cradle while the adjustable tip brackets and nylon retention strap prohibit shifting while the apparatus is in motion.

Tool Hanger Kit
Bracket is designed to permit simple mounting for shovels, brooms, and other “T” head equipment. The tool hanger provides a simple, cost-effective method to hold a wide range of tools. Made of rugged, molded urethane. Resistant to weather, impact, UV and corrosion. Includes Tool Hanger and Handlelok. Hardware/fasteners included. Color: black. Ship. wt. 1 lb.

Pickhead Axe Hanger/Pocket Kit
Provides the flexibility of mounting the axe head on top (hanger) or bottom (pocket). Made of rugged, molded urethane. Resistant to weather, impact, UV and corrosion. Includes Pickhead Axe Hanger, Handlelok and 2 Fastener Packets. Color: black. Hardware/fasteners included. Ship. wt. 2 lbs.

Halligan Tool Mount Kit
Safe, secure, and dependable storage in any position. Made of rugged, molded urethane. Resistant to weather, impact, UV and corrosion. Includes Dual Point Holder, Claw End Holder, Toolok and 2 Fastener Packets. Hardware/fasteners included. Ship. wt. 3 lbs.

Handleloc Stretchlok System
An innovative, adjustable mounting bracket that provides secure mounting for tools, axe handles, poles and other equipment up to 1 3/4” in diameter. The stretchlok system allows quick release for easy retrieval. Made of elastomer. NFPA 1901 Compliant 9G impact. Hardware/fasteners included. Ship. wt. 1 lb.

Soft Mount
Provides a load-bearing base that conforms to the shape of the tool and returns to its normal shape when the load is released. The high-tech flexible elastomer is resistant to most hydraulic fluids, water, fuel and oils. It provides a unique way to cushion-mount power tools when used in conjunction with the Adjustamount, Super Adjustamount or Jumbo Lok. Made of rugged, molded urethane. Resistant to weather, impact, UV and corrosion. Includes Soft Mount and 2 Fastener Packets. Hardware/fasteners included. Color: black. Ship. wt. 2 lbs.

Spreaders Base Mount Kit
Kit can be mounted vertically or horizontally. Spreader Base together with the easily adjusted Adjustamount Kit provides secure, quick-acting mounting. Made of rugged, molded urethane. Resistant to weather, impact, UV and corrosion. Includes Spreader Base, Adjustamount Kit and Fastener Packet. Hardware/fasteners included. Color: black. Ship. wt. 3 lbs.

Jumbo Lok
Features:
► 3 pivot positions
► Adjustable mounting bracket w/grip range of .375” to 3.250”
► 3” square Hurst rams
► 3” D Holmatro rams
► NFPA 1901 Compliant 9G impact
► Ship. wt. 1 lb.

P.A.C. Tool Mounting Systems
BE071 Tool Hanger Kit $78.95
BE072 Pickhead Axe Hanger/Pocket Kit $148.95
BE073 Soft Mount $108.95
BE074 Spreader Base Mount Kit $107.95
BE075 Halligan Tool Mount Kit $124.95
AF659 Handleloc Stretchlok System $33.95
BC018 Jumbo Lok $64.95

Use to Mount:
► Folding ladders
► Electric drills
► Heavy-duty jacks
► Ropes
► Nozzles
► Chains
► Dual poles
► Playpipes
**Keep Your Tools Organized with P.A.C. Mounts**

**Toolok**
Features easy, fast locking and instant release. Black body, yellow elastomer locking strap tool mount, grip range 1/4” to 1 1/4”. Hardware/fasteners included. NFPA 1901 Compliant 9G impact. Ship. wt. 1 lb.

AW338 Toolok $20.95

**Stow-N-Loc**
Ideal for Exterior Mounting
FAST tool storage with clamp-action brackets. PLUS simple positive locking strap when ready.

- Grip range 1” to 1 1/2” diameter
- Adjustable, high-strength, fast-action locking strap
- 2 Heights:
  - Tall: For long hooks
  - Short: For close mounting
- NFPA 1901 Compliant 9G impact

BL263 Stow-N-Loc Tall $38.95
BL264 Stow-N-Loc Short $38.95

**Super Adjustamount**
The Super Adjustamount is the big brother to the original Adjustamount. Rugged modules designed to mount on unistrut or Pac Dual Trac provide unlimited positioning with countless uses, i.e.: hydraulic power tools, shoring, etc. Lockstrap usable length 15”. Hardware/fasteners included. Ship. wt. 2 lbs.

AW341 Super Adjustamount $55.95
AW416 Super Adjustamount Kit (Includes Unistrut) $71.95

**Ironslac**
The industry’s best. Safe, secure and dependable storage for 30” Halligan, 36” Flathead, 6 or 8 lb. Force Axe. Can be mounted in horizontal or vertical position. Hardware/fasteners included. NFPA 1901 Compliant 9G impact. Ship. wt. 7 lbs.

AW391 Ironslac $230.95

**Flexmount Brackets**
Flexible Y-shaped mounting brackets designed to provide a secure grip-type mount that wraps around poles, nozzles, tools and other items with a grip range from 1 1/4” to 2 1/2”. Made from a unique state-of-the-art elastomer that is exceptionally tough, non-sparking and resistant to impact. There’s no springs to corrode or break. Hardware/fasteners included. Ship. wt. 1 lb.

AF658 Flexmount Bracket $34.95
AW337 Short Flexmount Bracket $31.95

**Hookloks**
Clamp-action/mounting brackets that depend on automatic clamping force and hook action to restrain tools. Grip range 1” to 1 1/4”. Hardware/fasteners included. Ship. wt. 1 lb.

AW340 Hookloks $32.95/pr.

**Universal Hanger**
Rugged, molded urethane bracket (black) can be used in pairs for simple mounting of shovels, brooms, fire swatter, and other “T” head equipment. Hardware/fasteners included. Ship. wt. 1 lb.

AW339 Universal Hanger $18.95
**Sledge Hammer Bracket**

Designed for use with 2 to 16 lb. Double Face Sledges and 1 to 3 lb. Dead Blow Hammers. Bracket is 2 1/4"H x 3"D - expandable from 5 1/4" to 8 1/4"W to fit various-sized tools. Made of stainless steel for years of lasting service. **Ship. wt. 3 lbs.**

**Axe Holder Bracket**

Designed for use with 6-pound flat or pick head axe. Bracket is 5"H x 2 1/4"D. Expands from 7 1/2" to 8 1/2"W to fit most axeheads. 2 1/2"H x 1 1/4"W slot in end for pick to protrude. Axe blade protected by a replaceable plastic sleeve. Pinned handle holder accepts up to 2 1/2"W handle. Stainless steel for trouble-free service. **Ship. wt. 4 lbs.**

**Quic-Mount® Bolt Cutter Bracket**

Designed for use with 18" to 36" bolt cutters with adjustable stop and pin. Utility straps hold the bolt cutter handles firmly in place. Comes with one fixed strap and one variable strap. **Ship. wt. 3 lbs.**

**Round Gas Can Mount**

Round gas can mount was designed for safety cans with 9" and 13" diameter bases. The safety can is held in place by a 1" nylon safety strap with a quick-release buckle. **Ship. wt. 7 lbs.**

**Mounting Brackets**

Variable Mounting Brackets are designed to accommodate various diameter tools and equipment. Brackets are powder-coated aluminum. **Ship. wt. 1 lb.**

**Chain Saw Mount**

Mount chain saws, abrasive cut-off saws and other gasoline engine tools on these specially designed brackets. Absorbent pad collects fluids and may be changed as required. Safety strap secures the saw on the bracket. **Ship. wt. 10-12 lbs.**

**Tools not included**
**D-Size Oxygen Cylinder Bracket**

The Oxygen Cylinder Bracket has two 4” clips to securely hold a D-size oxygen cylinder. Durable green powder coated steel clips, backplate and footplate. Multiple sets of countersunk holes allow the bracket assembly to flush mount to any surface and gives multiple positioning for the clips and the footplate. A Velcro® safety strap in attached to each bracket.

**Universal Saw Bracket**

This unique Universal Saw Bracket is able to mount chain saws, rotary saws, electric and all others. Made from 1/8” powder coated aluminum, it offers multiple anchor points to attach the heavy duty Velcro® strap. An absorbent, replaceable felt pad is supplied and held in place by the mounting bolts.

**Threaded Fitting Holders**

Adjusts from 4” to 6”

Unique spring-loaded, capturing-knob design eliminates specialized thread requirements. Fittings snap on and off, so no extra mounting space is required. Holders feature selectable positioning of the capturing knobs to accommodate any size fittings in the 4” to 6” diameter range. Multiple-Size Fitting Holders mount quickly to either vertical or horizontal surfaces, interior or exterior. Two flathead screws are all that is required. The non-corroding, powder-coated aluminum base needs no maintenance, and the capturing knobs are made of a special durable plastic that will not swell or crack. 30-pound spring tensioning holds fittings securely while allowing fast on/off action. Features stainless steel hardware.

**Heavy Duty Mounting Brackets**

Constructed out of 1/8” powder-coated aluminum, these Heavy Duty Mounting Brackets can be used to mount a variety of tools and equipment. The heavy duty construction suits tools such as Halligan, Kelly or Claw tools. The brackets are lined with an aluminum vinyl strip which helps tolls 1” in diameter securely in place.

**D-Handle Mounting Bracket**

D-Handle Mounting Brackets are designed to hang “D”-style handle tools simply and practically.

**Ring Handle Bracket**

Capture the end of the tool or handle with the Ring Handle Bracket. 2” opening.
**Horizontal Mounting Posts**

Want to eliminate the headache of stacking 1½”-2½” couplings, adapters and accessories? These remarkably simple and unique Horizontal Mounting Posts for double male or female configurations are designed to save cabinet storage space and improve overall truck neatness and efficiency. With no stacking, you can instantly spot the size adapter or coupling you need. Special stainless steel spring clip provides secure holding yet quick-action release. Durable construction materials will not corrode, swell or crack. Single screw mounting takes only minutes.

- **BE302** Single Storz Fitting Holder 8”x8”x1” $50.95
- **BE303** Double Storz Fitting Holder 8”x17”x1” $78.95

**Storz Lok**

- Corrosion-free
- Mounts in any position
- Strong: Resistant to heat and cold
- Fast Acting: Mount or dismount
- Easy-to-use: No moving parts
- Self-locking: The automatic lock on the coupling locks it in place
- Rattle Resistant: The “quiet mount” no metal-to-metal contact

- **BC019** Storz Lok 4” Mount $44.95
- **BC020** Storz Lok 5” Mount $51.95
- **BL265** Storz Lok 6” Mount $73.95

**Storz Hardcoat Mounting Plates**

High-tensile aluminum construction with anodized finish to resist abrasion and corrosion. **Ship wt. 1 lb.**

- **AF63801** 4” Plate $30.95
- **AF63802** 5” Plate $36.95

**Quick Action Nozzle Holder**

Running board holder for nozzles and fittings. Positive grip, triple-lock lugs. Designed for NST threads, but will fit similar threads. The spring and lever handle permits proper tension with a quick, easy release. **Ship wt. 2 lbs.**

- **G321** 2½” Chrome Plated $39.95
- **G421** 1½” Chrome Plated $40.95

**Booster Nozzle Holder**

Two-Position Mounting Bracket For Versatility

This neoprene rubber cup mount is the ideal way to mount pre-connected nozzles on fire and emergency vehicles. Bracket sold separately. **Ship wt. 3 lbs.**

- **U400** Nozzle Cup Mount 3½” I.D. $75.95
- **U401** Nozzle Cup Mount 5½” I.D. $93.95
- **U402** Nylon Coated Bracket (Black) $38.95

**Mounting Plate**

Male mounting plate is made of aluminum. **Ship wt. 1 lb.**

- **BL365** Mounting Plate
  - 1½” $13.95
  - 2½” $17.95
  - 3” $20.95
  - 4” $34.95
  - 4½” $40.95
  - 5” $48.95
  - 6” $49.95

**Holds Any Threaded Fitting Securely**

Self-draining with three center mounting holes. Aluminum NST Threads.

- **BL366**
  - 1½” $16.95
  - 2½” $24.95
  - 3” $31.95
  - 4” $45.95
  - 4½” $50.95
  - 5” $58.95
  - 6” $63.95
**Nylon Strap Kit**

Nylon Strap Kits include two bolt down footman loops brackets and a 1.00” nylon strap with a pinch and release buckle. Ideal for strapping down tools and or large equipment such as vent fans, cribbing, rescue jacks and other hard to secure items. Sizes listed are the maximum lengths and may be adjusted to secure smaller items.

**Helmet Holder**

Zico’s helmet holder has been tested to 9 G’s and complies with the 2009 edition of NFPA 1901 for use inside of crew cabs. It holds both traditional and contemporary style helmets without any adjustment needed. To secure the helmet, simply slip the helmet’s hook onto the mount and pull the strap over the crown. Removing the helmet is as simple as pulling the strap down and lifting the helmet up.

**DON’T MISS**

More brackets in Rescue (p1-55)
Auto Charge 2000 Kit

Complete Charging System at An Affordable Price

Auto Charge 2000 is a high-output, dual battery charger that independently charges two batteries. Includes the Auto Charge 2000 automatic battery charger and Auto Eject (20 amp) automatic power line disconnect, providing a complete vehicle charging system that saves you money. Unique electronic sensing circuits sense the true battery voltage while eliminating the need for external sense wires. There is no overcharging and no water boil off. What's more, a built-in battery saver handles the problem of battery loading from rechargeable hand lights, portable radios and other loads. Comes complete with weatherproof, bar graph display that shows the charging condition of each battery; may be remotely mounted. 120v input, 15 amp output. 3-year warranty. Ship. wt. 17 lbs.

---

USB Dual Port

- Dual USB charging ports
- Quick and easy way to recharge electronic devices in a vehicle
- 3 Amps max output allows simultaneous charging of two USB devices
- Built-in LED indicator indicates device is powered
- Designed for easy installation in vehicle switch panels
- Reverse polarity protected
- Can be connected to 12V switched ignition or directly to battery
- Input: 11-16 vdc, 1.5 amps max
- Output: 5.0 vdc, 3 amps max
- Indicator: Device Powered: Red LED
- Cut-Out-Size: 1.45”x0.83”
- Weight: .25 lbs.
- 3 year warranty

---

Pump Plus

Air Compressor/Battery Charger Package

The Pump Plus is a small air compressor and a completely automatic battery charger packaged together. Air compressor is designed to be mounted on vehicles with air brakes to maintain the air pressure in the air brake system while the vehicle is not in use. A pressure switch senses the system pressure and operates the compressor whenever the pressure drops below a predetermined level. Battery charger is completely automatic and is for vehicles with dual battery systems. The batteries are automatically charged and maintain full charge while still being isolated from each other. This unit contains two independent chargers to sense and control the current to the batteries. Designed to mount directly on the vehicle. 12v compressor has 1-yr. warranty; Battery Charger comes with 3-yr. warranty. Ship. wt. 20 lbs.

---

Auto Charge 12 - For Single Batteries

The Auto Charge 12 is a fully automatic battery charger for vehicles with a single battery system. Unique electronic sensing circuits sense the true battery voltage, while eliminating the need for external sense wires. The maximum output of the charger is 12 amperes. When the battery is fully charged, all charging stops. There is no overheating, and no water boil off. It is ruggedly constructed for mounting in the vehicle. Ship. wt. 12 lbs.

---

Auto Charge 11 - For Dual Batteries

Auto Charge 11 is a fully automatic battery charger for vehicles with dual battery systems. The new and improved unit contains two completely independent chargers to sense and control the current to the batteries. Thus parasitic loads on one battery have no effect on the second battery. Total output current is limited to protect the charger but may be supplied to either battery if the adjacent battery does not require it. Normally the current output is proportioned between batteries as required. Comes complete with charging indicator panel. 3-year warranty. 120v input. Ship. wt. 12 lbs.

www.edarley.com/apparatusequip | 1.800.323.0244
**Super Auto Eject & Auto Eject**

Super Auto Eject is a completely sealed automatic power line disconnect. This prevents contamination of the mechanism by road dirt and insures long, reliable life. Comes with a weatherproof cover that is spring loaded to close, preventing water from entering. A solenoid wired to the vehicle’s starter is energized when the engine is started. This instantaneously drives the plug from the receptacle. This simple, reliable device eliminates the broken cables which result when drivers forget to remove the shore line when driving away. The Auto Eject comes without sealed housing. All units come with 120v AC connector. Both models are weatherproof. Ship. wt. 2 lbs.

**Auto Eject**

Rear housing not included

**Super Auto Eject**

Rear housing included

**Specify Color:** Red, White, Yellow or Gray

**Automatic Air Eject**

This simple, reliable, solid brass device permits pressurizing the vehicle's air pressure system from an external source. Automatically, when the engine is started, the air line is disconnected. Comes with the mating connector, check valve and simple installation instructions. Full 2-year warranty. Ship. wt. 3 lbs.

- Automatically disconnects air line when vehicle is started
- Eliminates broken air lines

**Auto Charge Dual Status Center**

The Auto Charge Status Center is a universal indicator that works with all Kussmaul Electronics battery chargers, as well as indicating voltage on vehicles without a charger. The indicator reads battery voltage and indicates the condition of the battery via LED’s: Hi voltage, fully charged, charging and low voltage. In addition to the LED status indicators, a 3-digit indicator displays the battery voltage with an accuracy of 100 millivolts. The display toggles between battery #1 and battery #2. The indicator fits Kussmaul standard indicator panel cut outs.

- Weatherproof enclosure
- Mounted on the outside of a vehicle
- 3 year warranty

**Rear View Backup Cameras**

**LCD Systems Feature:**

Color LCD system with 1 day-night camera, remote control, camera audio, 65'/20m cable, mounting hardware and instructions.

**BH080 Also Includes:**

- 5” LCD flat panel monitor
- Supports up to 3 cameras

**BH081 Also Includes:**

- 7” color LCD flat panel monitor with remote control
- Wide screen
- Supports up to 4 cameras
- 3 camera input with 1 RCA A/V in for GPS

**BH082 Features:**

Color camera with massive infrared LED cluster to light up your view in darkness or bad weather. Color model features automatic switch mode—goes to high resolution black-and-white in low light, switches back to brilliant color in daylight.

**BH080**

5” LCD System $495.95

BH081 7” LCD System $583.95

BH082 Color Day-Night Camera $182.95

BH083 15 meter 4-pin Camera Cable $19.95
Modernize your present apparatus with these precision gauges. Accurate within 2% of full scale on conventional and transistorized 12-volt positive or negative ground ignition. Chrome-plated brass with double-strength, curved glass window. The pointer is painted fluorescent red for easy visibility. Will not produce radio interference. Easily installed and comes complete. Measures 3 1/16” in diameter. Ship. wt. 1 lb.

Crystal-clear Interlube keeps needle fluctuation to a minimum. The SUBZ II freeze-proof isolator keeps gauge working down to -40°F. It’s also weather tight so there is no condensation; stops corrosion. Lubricates internal parts, stops wear, maintains accuracy under temperature fluctuations. Zytel (nylon) case with bright stainless steel trim ring has plexiglass lens. 6” gauge has cast aluminum case. Gauges measure 0-600 psi and up to 30” vacuum. Ship. wt. 5 lbs.

**TankVision**

Water/Foam Volume Indicators

The TankVision is your solution to tank volume monitoring. Available for both water and foam, each with distinctive color and styling. Mini-displays for remote in-cab mount are similarly color coded. A single TankVision primary display can drive an unlimited number of remote displays as well as in cab mini-displays. For remote warning, an optional Large Light Driver is available with current draw capability up to 5 amp per light. The TankVision uses a pressure transducer to provide a highly accurate liquid volume. Ship. wt. 3 lbs.

- Ultra Brite LEDs display exact water/foam remaining
- Flashing warning when actual volume is below 25%
- Rugged waterproof cast aluminum housing
- Unit self-calibrates to any size/shape tank regardless of dimensions
- Easy-to-operate and install

AR317 TankVision Gauge Kit, with Master Display Sensor and 10’ Cable $429.95
AS309 TankVision In-Cab Mini Display for Water $152.95
AS312 TankVision Remote Driver for “Large Lite” Display $255.95

**Quint Water Level Monitor**

Five-light readout that uses green, amber and red lenses with red flashing refill light. Complete unit consists of readout, bezel plate and stainless steel sensor. Additional readout available without sensor. Ship. wt. 5 lbs.

SPECIFY: 12 or 24-volt, Positive or Negative Ground and Tank Dimensions

X940 Quint Water Level Monitor $233.95
X942 Additional Readout $129.95
AB017 INCLUDES: 5-Domed Lenses, 4-Replacement Bulbs, 1-Flasher Replacement Bulb, 2-Plate Screws and 1-Bulb Extracting Tool
AB017 Service Kit for Quint Level Monitor $24.95

**Water Level Monitor**

Easy-to-read indicator. Water Level Monitor uses four red lights to show water level in sequence as water drains away. Complete unit includes control box, bezel plate, and stainless steel sensor. Additional readout available without sensor. Ship. wt. 1 lb.

SPECIFY: 12 or 24-Volt, Positive or Negative Ground and Tank Dimensions

R157 Water Level Monitor $189.95
AB016 INCLUDES: 4-Domed Lenses, 4-Replacement Bulbs, 2-Plate Screws and 1-Bulb Extracting Tool
AB016 Service Kit for Water Level Monitor $19.95

**Tachometer Gauge**

Modernize your present apparatus with these precision gauges. Accurate within 2% of full scale on conventional and transistorized 12-volt positive or negative ground ignition. Chrome-plated brass with double-strength, curved glass window. The pointer is painted fluorescent red for easy visibility. Will not produce radio interference. Easily installed and comes complete. Measures 3 1/2” in diameter. Ship. wt. 1 lb.

- Highest quality components
- Meets rigid specifications
- Shock and vibration-proof
- Guaranteed waterproof

L918 Tachometer, RPM Range 0-6000, for 4-6-8 Cylinder Vehicles $46.95
W483 Tachometer, RPM Range 0-4000, for Diesel Engines, with Sender $109.95

**Liquid-Filled Gauges**

Eliminates Needle Pulsation for Accurate and Easy Readings

Crystal-clear Interlube keeps needle fluctuation to a minimum. The SUBZ II freeze-proof isolator keeps gauge working down to -40°F. It’s also weather tight so there is no condensation; stops corrosion. Lubricates internal parts, stops wear, maintains accuracy under temperature fluctuations. Zytel (nylon) case with bright stainless steel trim ring has plexiglass lens. 6” gauge has cast aluminum case. Gauges measure 0-600 psi and up to 30” vacuum. Ship. wt. 5 lbs.

BLACK AND WHITE FACE GAUAGES WITHOUT LOGO ARE AVAILABLE

T179 2 1/8” Liquid-Filled Compound Gauge $45.95
AK075 2 1/8” Liquid-Filled Compound Gauge with Bottom Connection $43.95
T180 3 1/8” Liquid-Filled Compound Gauge $71.95
AK076 3 1/8” Liquid-Filled Compound Gauge with Bottom Connection $71.95
T181 4 1/8” Liquid-Filled Compound Gauge $96.95
U966 Similar to T181 but with 1000 psi $96.95
U967 6” Liquid-Filled Compound Gauge $284.95

**Heavy Duty Swing-Out™ Valves**

Designed for the harsh realities of today’s fire service when water contaminants challenge a valve’s sealing capabilities. Swing-Out™ design for quicker and easier servicing. No need to remove valves from plumbing when servicing. Operating pressures to 250 psi (17 bar).

- 90° handle travel
- Stainless steel ball with Hydromax provides longer valve life and improved sealing abilities
- Simple two seated design

**Valve Repair Kits**

Valve repair kits are convenient, economical and easy-to-use. Each kit contains the most frequently replaced parts to help cut down on maintenance time and costs. Kits come sealed to ensure a clean and adequate supply of parts for each job. Kits now are with new Fusion CF™ Composite ball. **Ship. wt. 1 lb.**

* Valve and nozzle repair kits are available for most Akron, Elkhart and more. Call for details.

**Tanker Dump Valve**

Install your own dump valve. Simply screw in the male NPT threaded flange that comes with the package. To this you bolt the valve itself and another NPT threaded flange (gaskets included). It’s quick-opening, full-flow, compact, bubble-tight, is easily maintained and mounts in any position. The valve body is rust-proof epoxy coated aluminum. **Allow 4-6 weeks for delivery. Ship wt. 19 lbs.**

Darley Heat Exchanger
Can be installed in the engine cooling system of any pumper. Instead of going directly into the engine cooling system, mixing with the anti-freeze solution, diluting it and then going out through the radiator overflow pipe, the flow of cool water from the pump bypasses through the condenser coils in the Heat Exchanger. The liquid in the cooling system circulates around the condenser coils and is completely cooled. Prevents loss of anti-freeze solution. 24” long. Ship. wt. 10 lbs.

Radiator Heat Exchanger
Fits Between Radiator Hoses
Does the same job as our F618 Heat Exchanger but fits between the radiator hoses to make installation easier. Only additional connections required are tube lines from pump discharge to return line to suction side of pump. Measures 9 1/2” long. Ship. wt. 9 lbs.

Magnesium Anode Pole
Attracts Rust & Corrosion
Sacrificial catalytic action of these magnesium anodes can help to prevent rust or corrosion from attacking your booster tank. Threaded mounting plate suspends the 3/4”x32” solid anode in the tank water. Bar is easily cut to fit tanks less than 32” deep. Comes with flange and gasket. Ship. wt. 3 lbs.

Air Primer
- Super quiet
- Lightweight and small mounting space
- Power: Air operated (No electrical power required)
- Corrosion resistant brass construction
- Oil-less Design: Environmentally safe
- Self draining
- No moving parts
- Air Requirements:
  (2) Barrel = 7 cfm
  (3) Barrel = 10 cfm

Drain Valve
Don’t risk frozen lines and corrosion. Easy-to-install push-pull design allows fast draining where you want it. Stainless steel shaft. Outlet and inlet 1/2” NPT female. Ship. wt. 3 lbs.

Ground Sweep Nozzle
Designed for use in fixed system applications. Adjustable nozzles can be pre-set at the factory or set in the field at time of installation. The fog pattern, which can be set up to 120°, can easily be set or adjusted at the job site. Ship. wt. 1 lb. SPECIFY MALE OR FEMALE NPT (TAPERED)

Don’t risk frozen lines and corrosion. Easy-to-install push-pull design allows fast draining where you want it. Stainless steel shaft. Outlet and inlet 1/2” NPT female. Ship. wt. 3 lbs.

Mattydale Swivel
Rugged cast brass elbow for use with mattydale hose beds. 1 1/2” NPT female free swivel inlet with 1 1/2” NST male outlet. Rough brass finish. Ship. wt. 4 lbs.

Vernier Throttle Control
Easily installed throttle designed for apparatus. Provides both instant and micro meter fine adjustment together with a locking action which is not affected by vibration while pumping. The instant adjustment is conveniently made by a push-pull movement of the knob after a slight pressure is applied on the thumb button. The fine or Vernier adjustment is made by simply turning the same knob. Throttles are shipped complete, ready-to-install in 15’ or 20’ lengths. Ship. wt. 5 lbs.

### Drop-In Style Booster Reel

These reels are an excellent choice for drop-in units or smaller apparatus compartments where space is a premium. They’re built to the same design standards as our larger reels, just lighter in weight and more compact. Available in either electric or crank rewind. Reels will hold up to 100’ of 1” or 200’ of ½” booster hose. Dimensions: (E) Crank/16.5”, (E) Elec/19”, (F) Crank/46.62”, (F) Elec/39.75”, (G) 18.12”.

### Booster Tools

Get Darley’s complete set of booster tools for attaching ½” and 1” couplings. Try our lubricant to help ease coupling when installing. Ship. wt. 2 lbs.

- **SPECIFY REDHEAD OR BARWAY COUPLINGS**
  - **P915** Booster Tools for ½” Couplings $182.95
  - **P916** Booster Tools for 1” Couplings $294.95
  - **P917** Darley Lubricant $30.95

### Roller and Spool Assembly

Speed your hose handling and reduce wear on hose. Buffed stainless steel rollers. Assembly includes roller, 2 blocks, 2 spools, bearings and all fastenings. Length of roller should be the same as the reel drum length. (Larger sizes are available for an extra charge). Ship. wt. 13 lbs.

- **SPECIFY LENGTH: Up to 38”**
  - **R698** Roller and Spool Assembly $144.95

### Swivel Joints

Pressure balanced design for low rotation torque. Hardened carbon steel barrel for strength and long wear. NPT threads. Ship. wt. 3 lbs.

- **AF774** ½” Swivel Joint $227.95
- **T961** 1” Swivel Joint $99.95
- **T963** 1” Seal Kit for T961 $39.95
**Compact Reels (ELF and ESF Series)**

*For Utility or Breathing Air Hose*

The slow, even rewind speed provided by the specially engineered gear motor will be appreciated by users, and eliminates any need for installing a speed control device. These reels are the most compact available (without sacrificing hose or cable life by using an undersized drum diameter).

- Available for all 3 rescue reel types: air, twin hydraulic or cord
- New gear motor rewind (12 or 24V available) for slow, powerful rewind in small footprint
- Takes up only 70% of the space of a traditional reel for same capacity hose or cable
- Universal 6" drum diameter, extending hose or cable life by meeting manufacturer’s minimum bend radius
- Highly durable 2-coat finish (alkyd-modified topcoat over e-coat primer)
- Switch and circuit breaker provided with all ELF reels
- ELF Series: 14.5" maximum height (20% lower profile than standard reel)
- ESF Series: 14" maximum height (27% lower profile than standard reel)

---

**Low Profile Booster Reel**

By being shorter and not requiring as much compartment depth, the Low Profile Booster Reel was designed to take up less space than similar reels in the industry. It easily fits in low profile compartments, or when overhead height is a concern. It was designed to be extremely durable, by utilizing powder coated finishes and stainless steel hardware. In the Akron Brass tradition, it includes standard features such as chain guards, hand crank and tensioner. Solenoid, push button switch, and circuit breaker are also included at no additional charge for added ease of installation. The Low Profile Booster Reel is perfect for brush trucks, skid units, rear compartments of apparatus, or even off road utility vehicles. Most importantly; the Booster Hose Reel carries the standard 5 year warranty!

- Handles ¾" and 1" ID booster hose
- Dimension: 17½"Hx39"Wx15½"D
- Capacity: up to 250’ of ¾ or 150’ of 1” redline
- Powder coated finish available in red or silver
- Standard Inlet: 90° super swivel with the 1” female NPT threads
- Standard Outlet: 1” male NST threads (1¼”x8 TPI)
- 1000 psi pressure rating

**BH079** Low Profile Booster Reel $1,423.95

**Compact Low Height Rescue Reels (ELF Series)** Utility Air Starting at $926.95

**Compact Narrow Depth Rescue Reels (ESF Series)** Utility Air Starting at $897.95

**ManSaver Apparatus Bars**

Simple safety bars will help prevent or reduce injuries due to falling off the apparatus in the excitement of operations, in darkness or operating in wet conditions. It is designed to be mounted across the open walk throughs of pumpers. It’s spring loaded so that it will always return to the horizontal position. To enter, simply push the ManSaver in or up; to exit swing it up. Made of aluminum extrusion and aluminum bronze castings, making it rust-proof. Covered with layer of foam and tough rip-stop red or yellow vinyl outer covering. Ship. wt. 8 lbs.

**Wildland Wheel Chock**

Complete assembly with the aluminum base plate.

**BA161** Wildland Wheel Chock w/Plate for 32” Wheel $132.95

**Quic-Choc® Folding Wheel Chock**

This new folding aluminum wheel chock requires only a 6”Hx10 1/2”W x20 1/2”D area for storage. Can be stored under fire or rescue vehicles. The collapsible design allows the chock to lock in the open position simply by pulling out the back casting and pushing down. Just release the safety latch to close back into the folding position. Convenient carrying handle makes transport and placement of chock a snap. Made of high-tensile strength aluminum with rear opening, hand grip and a double row of rugged teeth to grip almost any surface. Meets applicable NFPA standards.

**Requires Less Storage Space**

Bars push in or swing up

**SPECIFY LENGTH: 14”-.36” even sizes**

**W423** ManSaver Safety Bar $299.95/ea.

**Wheel Chocks**

- Single comes with heavy-duty eye bolt
- Doubles are connected together with a lanyard so both wheels can always be chocked
- Color: “Easy-to-see at night” yellow
- Material: Recycled polyethylene which is resistant to petrol chemicals
- 5 year product guarantee
- Dimensions: 6”Wx4”Hx9.5”L

**BE287** Single Wheel Chock $35.95

**BE288** Double Wheel Chock $69.95

**BE287** Single Wheel Chock $35.95

**BE288** Double Wheel Chock $69.95

**CONVERT YOUR WHEEL CHOCK FOR WILDLAND FIRE FIGHTING**

**BA159** Wildlands Adapter (for AG083) $53.95

**BA160** Horizontal Holder (for BA159) $128.95
**Oversized Folding Steps**
Easily installed on apparatus wherever a convenient assist step is needed. Folds up flush against mounting surface. Made of high-strength die cast, zinc/aluminum alloy with corrugated safety step to prevent slipping. *Ship. wt. 1 lb.*

**Compartment Matting**
- Heaviest tile on the market
- Fast and easy-to-install
- Made from 100% recycled PVC
- 50% more height than others, providing faster evaporation while protecting the surface below
- Brackets and clips can mount directly to tile
- Resistant to most common chemicals, greases and solvents
- 3/4” thickness prevents “scrunching” that occurs when using thinner, less rigid tiles

Now you can get tough, rugged and dependable boxes, trays, and storage handling systems with the proven performance of PolyBilt® quality! Made from the same dependable material as the rugged PolyBilt® bodies and Polyprene™ water and foam tanks, these new storage systems make organizing your equipment easy!

- Won’t rust, crack or dent
- Easily cleaned
- Mounts directly into compartments with the U308 equipment glides
- FDA-approved non-porous material
- Lightweight and stackable
- Perfect for any hazardous or bio-terrorist compliance issue
- Cost-effective storage
- Custom sizes and engravable front plates are available. Call for details.

**SCENEdots™ “Patent Pending” Reflective Apparatus Stickers**

As founder of this new method of striping tread plate, we have proven that a “dot” is the easiest configuration to install between the treads of diamond plate and no straight edges to keep aligned during the installation process. With our continued product development, we now have our NEW SCENEdots™ available in the 3M Diamond Grade on a MULTI-dot application sheet that works on all tread plate. 2½ sheets per square foot.

- SCENEdots™ come in a sheet consisting of 56 dots
- NFPA recommends that all fire apparatus have red & yellow inverted “V” (Chevron) reflective striping covering a minimum of 50% of the rear of the vehicle
- Easily retro-fit your current apparatus to comply to the new NFPA standard
- Uses only 3M™ Scotchlite® retro-reflective material which has a 7-yr. warranty
- Most trucks can be completed within 4 hours
- Distinctive LED appearance when reflecting light

**BK079:**

- Made of 3M Diamond Grade (4x brighter)
- MULTI-dot application sheet
- Sealed edges

**SPECIFY COLOR:** BH094: Red, White, Blue, Yellow/Green, Orange, or Black

**Emergency Vehicle Reflective Stripping**

For improved visibility and a more professional look to all your emergency vehicles. Reflective striping with pressure-sensitive adhesive backing. Comes in 150' rolls so you can cut to size depending on the area of coverage. Easy-to-install. Comes standard in white. *Ship. wt. 5 lbs.*

**Fireman’s Friend Drying Cloth**

This large 17”x27” drying cloth soaks up large volumes of water and other liquids quickly. The soft, absorbent material will not scratch or leave lint. It dries quicker and easier than chamois or any other towel you can find. *Ship. wt. 1 lb.*

**BH094**

Use Skull Savers
Don’t Risk Ladder Injuries

Walking into the heel of a ladder always painful and extremely dangerous. Skull Saver is easily visible and cushions any contact. Slight tug opens the Velcro® fastener, closes with finger pressure. Stays on in high winds, rain, or ice. Includes extra strap for permanent attachment to apparatus. Contact us for pricing on custom sizes. Ship. wt. 6 lbs.

“Little Giant” Ladder Mount Set

- Mount your “Little Giant” ladder vertically or horizontally
- Made of powder-coated steel
- Chrome-plated handle
- Ship. wt. 8 lbs.

Little Giant Ladder System
One Ladder Does It All

The Little Giant Ladder System will perform all the functions listed below. You will replace many of the ladders you now carry with this one compact product. Its expense is justified when you consider its convenience and the fact that you will always have the right ladder on the job when you need it.

- Ladder folds for convenient transportation and storage
- Unlock ladder and unfold partially to set up step ladder mode
- Step ladder telescopes on 1’ increments to form many heights
- Telescoping design allows ladder to be used on stairways
- Separate the sections and combine to form two step ladders
- Unfold ladder and snap in straight ladder configuration
- Telescopic design allows for many heights in extension mode
- Non-NFPA, rated up to 375 lbs.

BB127 7’-11’ Type IAA Little Giant Ladder System $481.95
BB128 9’-15’ Type IAA Little Giant Ladder System $569.95
BB129 11’-19’ Type IAA Little Giant Ladder System $645.95
BB130 Work Platform $59.95

AF694 Ladder Bracket with Lock $99.95/ea.

BA166 “Little Giant” Ladder Mount Set $148.95

R891 Single Leg 4”Hx9”Wx5”D $54.95
R891XA Super (A)* 23”Hx9”Wx8”D $93.95
R891XB Super (B)** 22”Hx5”Wx8”D $93.95
