**How To Order Darley 800 or Cord Hose**

**Length:** All hose will be shipped in 50 ft. lengths. 75 ft. or 100 ft. lengths are available (pricing available upon request).

**Couplings:** All hose will be shipped with hard-coated, lightweight, rocker lug couplings, unless otherwise specified (brass couplings available for an additional charge).

**Threads:** NST (NH) threads are standard. IPT (NPSH) available at no additional charge (other threads available for $5.00 per set).

**DARLEY 800 Hose**

**Polyester Double Jacket 800 psi Hose**

- Designed specifically for the toughest fire fighting jobs
- Long-lasting synthetic rubber lining and rugged double jacket construction
- Jackets are woven from the finest high-tensile polyester yarn
- Tight weave in both jackets mean no drying is required
- Mildew resistant
- First choice of many fire departments and industrial users
- Color: White

**DARLEY Cord Hose**

**All-Polyester Double Jacket 800 psi Hi-Tech Polymer Impregnation Hose**

Darley - Cord 800 is a unique attack-grade fire hose, developed specifically for the rigorous environment of fire department use.
**A. DarQuest Lightweight Hose**

**Synthetic All Polyester Double Jacket Hose**

- 100% synthetic all polyester double jacket
- 100% mildew resistant
- Single-ply synthetic polyurethane liner resists ozone
- Attack hose designed for Hi-Rise applications
- Special construction to reduce friction loss by 21%
- Reduced weight, increased flexibility
- 5 year warranty against delamination and manufacturer’s defects
- Lining meets and exceed all potable water MIL-H-24606B and NSF-61 (National Sanitation Foundation) standards for the manufacturing of potable use hose
- Tested and stenciled in accordance with NFPA Standard 1961

**B. Magnum 800 – Nylon Hose**

This double jacket attack hose is manufactured using tightly woven entangled filament nylon 6.6 yarns in both the inner and outer jackets to promote abrasion resistance and kink-resistance. With higher tensile strength than that of polyester, the Magnum 800 is designed for aggressive fire department use. Magnum 800 meets and exceeds all current NFPA 1961 and 1962 specifications for attack hose. Construction: 100% all synthetic entangled NYLON 6.6 Tube: EPDM rubber lined for the best ozone resistance.

**SPECIFY COLOR:** Yellow or Orange

BH092 1 1/4” x 50’ Magnum 800 Hose $209.95

BH093 2 1/2” x 50’ Magnum 800 Hose $209.95

**C. Darley Hi-Rise Hose**

Lightweight hose ideal for high-rise packs. At about half the weight of standard double jacketed hose, it is easier and less stressful to carry up stairs. Made of 100% synthetic nylon and completely protected by an abrasion and chemical-resistant orange colored nitrile rubber cover. 1 3/4” size is coupled with 1 1/2” NST lightweight anodized couplings standard. Tensile strength of 2000 psi. 50’ of Darley Hi-Rise Hose coils to only 10”. 5-year warranty. Color: hi-visibility orange.

**D. Combat Ready Hose**

This hose is designed specifically for aggressive interior fire attack operations. The outer jacket is woven from staple polyester yarns over an inner liner consisting of a one-piece extruded through-the-weave tube. Combat Ready is manufactured in a high-visibility white with one red and one blue stripe running the length of the hose. This heat-resistant, drag-resistant, ozone-resistant and kink-resistant hose has superior friction loss characteristics. **Ship. wt. 18-26 lbs.**

- Abrasion-resistant
- High visibility
- 10-year warranty
- Low friction loss

**NFPA 1961**

Requires less storage space, allowing more room for hose or equipment.

www.edarley.com/hose | 1.800.323.0244
**Darley Fire Hose**

**Features:**
- **Ease of Handling** - Uniquely constructed inner liner with resilient reinforcement helps ensure maximum flow with minimum friction loss
- **Tough and Durable** - Specially formulated rubber compound provides a tough cover that resists tear and abrasion, snags, hot embers, cuts and most chemicals
- **Construction** - Extruded Interlocking Matrix
- **Cover** - 100% Synthetic Nitrile Ribbed Rubber
- **Reinforcement** - 100% Synthetic Fiber, Circular Woven

- **Inner Liner** - 100% Smooth, Synthetic Nitrile Rubber
- **Rating** - 1" - 3" - 600 PSI Test, 4" - 5" - 400 PSI Test

**Applications:**
- Relay and Tandem pumping
- Crash fire rescue
- Industrial fire fighting
- Rural water supply
- Aerial equipment supply
- Military

Darley Soft Suction Hose
Light, flexible and strong. All 100% Polyester jacket or nitrile rubber. Will not mildew or rot. Coils smaller and handles easier. Choose from 5” double jacket or rubber covered hose. Priced per 10 foot sections. Other sizes available, call for pricing.

Darley Hard Suction Hose
PRICE PER 10-FOOT SECTION COUPLED

Darley Clear PVC Suction Hose
Lightweight - Tight Bend Radius
This lightweight suction hose can be easily handled by one firefighter. Black ridged helix (1 1/2"x10’ and 2 1/2”x10’ are white/clear) and smooth bore give this hose unrestricted flow. Clear flexible connector web allows for visual monitoring of incoming water. Sold standard in 10-foot lengths, coupled. NST threads standard. Ship. wt. 45 lbs.

Barrel Strainers
Cylindrical holes provide a greater area of entrance for the water and allow full capacity pumping. Made of coated aluminum. NST threads standard. Ship. wt. 7 lbs.

Foot Valve Barrel Strainers
Opens and closes automatically when you start and stop drafting water. Allows full flow for capacity but when you stop pumping it closes instantly and keeps the pump primed by preventing water from flowing out. Complete with eyebolt for rope. NST threads. Prices on request for other threads. Ship. wt. 28 lbs.

See Page 136 For More Strainers
A. Spec 187 Forestry Hose
Extremely lightweight all synthetic forestry hose which meets or exceeds all USDA Spec 187 TYPE 2 specifications. This all polyester polyurethane lined fire hose is super light weight, however designed for everyday fire department use. Available in either yellow (according to TYPE 2 spec) or white. Construction: Circular bias woven, single jacket, 100% all polyester. Tube: Extruded T.P.U. elastomer - ozone and age resistant. 300 psi service test.

B. RACK HOSE™

C. Darley Booster Hose
For service pumpers we recommend our BG280 and BG281 Booster Hose. It assures all around dependable service and years of trouble-free use. Couplings come in aluminum pin hole. NST.

D. Lightweight Booster Hose
- Lightweight, kink resistant, non collapsible
- Equipped with full flow expansion ring and 1” lightweight aluminum rocker lug coupling
- Single jacket, 1005 high tensile strength virgin polyester yarns; smooth TPU lining ensures the minimum friction for maximum flow
- Highly resistant to ozone abrasion, offering outstanding low temperature performance, excellent mechanical properties, and as good resistance to oil and grease
- 300 psi service pressure

E. Lightweight Booster Hose
- 400 psi service test pressure
- Half the weight of other brands of booster hose
- Fits standard reels without kinking (4/16” radius)
- Non-collapsible rigid booster reel hose

Couplings
- BD113 Coupling - Aluminum 1”x1/4” NH forestry pin hole set
- BD114 Coupling - Aluminum 1”x1/4” NH R/L

Cat# Description  50’ 100’
BD113  1/4” Yellow Hose with Coupling  $184.95 $324.95
BD114  1” Yellow Hose with Coupling  $189.95 $359.95

See Pages 82 & 83 For Reels
**Gripper Hose System**  
*An Effective Way Of Transporting Hose*

The Gripper Hose System consists of three heavy duty nylon straps, with a padded shoulder sling, all sewn together to create a hose harness. The gripper has a padded high visibility shoulder sling, with three 2” wide, 42” long, 3000 pound strength webbing to secure the hose. Utilizes cam buckles and torque rings and is easily opened with a gloved hand. The 42” long straps have the capacity to hold more hose than the average firefighter can carry. *Ship. wt. 4 lbs.*

**Hose Vice**  
*Carry More Hose Easier*

The Hose Vice is the latest in the evolution of our hose carrying systems. This product incorporates many ideas given to us by our customers. Features include: an updated shoulder strap, which is adjustable and removable. The shoulder strap is long enough that a firefighter can carry the bundle across the body for better balance. Two fire-fighters can also carry The Hose Vice. Handles have been incorporated into the ends of the four straps, along with two molded rubber grips on top. Two firefighters simply utilize these handles. The overall length is 35” and each strap has an adjustable circumference range of 20” - 38”. Capacity is 150 OR 200’ of 1 1/4” hose as shown. 3M reflective has been added to increase visibility. Made in the USA. *Ship. wt. 3 lbs.*

**Double Donut Strap**

The Double Donut Strap holds two 50-foot sections of 1 1/4” hose. Consists of two heavy-duty nylon webbing straps with a Velcro® closure attached to a 3-inch center ring and shoulder strap. *Ship. wt. 3 lbs.*

- Easy storage - hose stacks and compactly fits into compartments
- Shoulder strap aids firefighters in carrying and deploying hose
- Pre-coiled hose gives you the option to add on to an existing hose lay, or reduce a larger line

**High-Rise Hose Strap**

Strap consists of 4 quick release color-coded VELCRO® brand® closures for a range of carry options. U-Shaped design keeps hose center of gravity close to your own for better balance and mobility.

- Carry up to 100 ft. of hose
- 4 heavy-duty nylon straps cinch the hose tight
- Carry over SCBA or shoulder for hands-free movement
- Allows for fast movement in narrow spaces
- Color-Coded Reflective Trim: Silver marks the nozzle
- U-Shaped Design: Keeps hose center of gravity close to your own

**Large Diameter Hose Strap**

The Large Diameter Hose Strap (LDHS) assists in getting large diameter hose off the hose bed for attachment to a water source safely and allows the engine to proceed for fire operations. Constructed of 3” nylon webbing, with a tensile strength of 22,550 lbs. Strong stitching with heavy brass rivets give you long life. This device allows the firefighter to pull the hose off the rig and place it over a hydrant with additional hose secured with the hook & loop strap, with plenty of spare hose for attachment. Also works great for tanker operations to secure the hose with a heavy hook & loop closure with a zinc-plated adjuster, allowing for additional hose for hydrant operations. Tab allows for operations with heavy firefighting gloves. When used in conjunction with the Oversized Hydrant Tool Kit or the Tool Bag, the firefighter has everything needed to complete efficient and safe hydrant operations. **Color:** yellow, **length:** 60”, **weight:** 32 oz. **Ship. wt.** 5 lbs.

**Darley Hydrant Strap**

**Never Lose Your Tools**

The Hydrant Strap increases the speed and safety of your hydrant hook-ups. The complete Hydrant Strap includes a six-foot loop of heavy-duty nylon webbing fastened to the end of your supply or suction line by a three-foot hose strap. The hose strap is made from seat belt material with a seat belt type buckle. Attached to the hose strap is a tool pouch containing the tools needed for hydrant hook-up. The firefighter stands on the ground and pulls the Hydrant Strap fastened to the end of the supply line in the hose bed and loops the strap over the hydrant. The engine can then lay the hose line. After the hose lay is finished, it is simply unbuckled. **Ship. wt.** 1 lb. without tools.

**AC961:**
- Hydrant wrench
- 2 - Spanner wrenches for rocker lug couplings

**AC962:**
- Hydrant wrench

**Hydrant Bag**

A large 14 oz. vinyl bag designed to hold all of the equipment you need for a hydrant operation. The Velcro® closure on top allows for quick access with your gloves on. This bag will hold large gated valves, wyes, wrenches, reducers, etc. A high density padded bottom helps to protect equipment. The molded TUFF bottom provides an almost indestructible base. **Dimensions:** 24”Lx12”Wx9”H.

**Milwaukee Strap Hose Pack**

BE024 - This highly durable hose pack constructed of heavy 22 oz. reinforced vinyl with double thickness side, bottom and ends keeps your hose in an attack-ready condition. This pack has a center handle for a one person carry and two end handles for a two person carry. Three Velcro® straps secure the contents and the pack holds up to 150’ of 1½” or 1¾” hose. There are three brass grommet drain holes to allow for wet hose to be packed. One end opens so hose may be pulled out for an easy hose lay. **Dimensions:** 50”Lx8”Wx9”H. **Ship. wt.** 4 lbs.

BK187 - 36” long bag holds up to 150’ of 1½” or 1¾” hose. Completely unfolds for access and storage. **Dimensions:** 36”Lx8”Wx12”H. **Ship. wt.** 5 lbs.

**Milwaukee Strap Hose and Accessory Bag**

Constructed with firefighters in mind. Made of durable 22 oz. reinforced vinyl. Double thickness in side, bottom and ends. Easily carried by a 2” nylon webbing handle. For on scene visibility there is 2” reflective side trim. This bag can hold 75’ of 1½” or 1¾” hose and accessories which makes it ideal for standpipe connections and hose operations as a tool bag. A brass grommet allows water drainage and a Velcro® strap secures the contents. Loops on each end for optional shoulder strap. **Dimensions:** 17”Lx10”Wx12”H. **Ship. wt.** 2 lbs.

**Jackstrap Hose Strap**

Be Safer and Secure

Safety is your number one responsibility. How secure is your equipment when the apparatus is in motion? A loose length of hose on a busy street or highway has the potential to cause serious damage. The Jackstrap will give you the peace of mind that the hose end is properly fastened. A must for every fire truck.

- Heavy-duty 2” polypropylene strap
- Adjustable hose loop helps secure hose to apparatus
- Adjustable hydrant loop helps with hose stretch
- Handy carry pocket holds hydrant tool
- Adjustable shoulder loop helps control nozzle

**Products not included with bags**

**BE024** Milwaukee Strap Hose Pack (One End Opens) $156.95
**BE025** Milwaukee Strap Hose & Accessory Bag $94.95
**BK187** Milwaukee Strap Hose Pack (Completely Unfolds) $191.95

**BC136** Jackstrap Hose Strap $64.95
**Hydrant Wrenches**

**T240** - Adjusts to pentagon nuts from 1¼” to 1¾” or square nuts to 1½”. Replaceable brass insert protects hydrant nut. Also fits 2½” to 4½” couplings.

**E119** - Malleable iron, cadmium plated hydrant wrench adjusts to pentagon nuts from 1¼” to 1¾” or square nuts to 1¼”. Fits couplings from 1¼” to 6”.

**C285** - Zinc plated ductile iron head and 7/8” steel handle. Opening accepts any pentagon nut up to 1¾” or 1½” square nut. Fits 2½” pin or rocker lug. Ship. wt. 5 lbs.

**Premium Quality Spanner Wrench**

It’s made from aerospace alloy aluminum. This means it’s ultra-light and super strong. Plus, because it is non-sparking, it’s safe to use in hazardous situations. You’ll never go wrong with the best. Compatible with most brackets. Fits up to 3½” couplings, has gas cock shutoff. Ship. wt. 1 lb.

**B397** Darley Spanner Wrench $15.95

**Double End Spanner Wrench**

Double end hole type spanner, fits ¼” and 1” booster hose couplings and 2½” hole type fittings. Ship. wt 1 lb.

**L800** Double End Spanner Wrench $17.95

**Folding Spanner Wrench/Belt Ring**

Ultra-light non-sparking folding spanner with extra wide pry end, and gas shut-off. Fits couplings from ¼” to 6” Ship. wt 1 lb.

**AZ357** Folding Spanner Wrench/Belt Ring $33.95

**Hydrant Wrench**

- Fits hydrant stems both 1” (square and pentagon) and 1.5” (pentagon)
- Will work on worn stems
- No more adjusting, just put the open end over the hydrant stem and pull the handle, the harder you pull, the tighter the grip
- To release, just relax and lift it off the stem
- Will actually stay on the stem and not in the mud while you work
- The spanner end of the wrench is designed for use on 2½” and larger fittings
- Weight: 5 lbs.
- Length: 18”

**BL425** Hydrant Wrench $68.95

**Res-Q-Rench**

- Spanner wrench works with 1½” and 2½” rocker lug couplings
- Only folding spanner that works with 4” & 5” storz locking couplings
- Made from glass-reinforced nylon
- Folds compactly into your pocket
- Integrated carbide tip
- Heavy-duty seat belt cutter
- Prying tool
- 12” open; 8” close
- Ship. wt. 1 lb.

**AM292** Res-Q-Rench $22.95
**Bowring Personal Firefighter Tool**

This tool is proudly made in the U.S.A., designed by firefighters for firefighters. The Bowring is a compact, light weight, multi-purpose tool that will be used at some point on every fire alarm. The Bowring is 8.3” tall, 5.9” wide, .375” thick and only weighs 22 ounces, so it easily fits into your bunker pants.

- Hose advancement - fits six different size hoses
- Emergency bailout descender - two different options
- RIT firefighter drag - hook and drag
- Gas shut off - two different options
- Auto extrication - windshield removal, glass ripper
- O2 wrench
- Door wedge - just hang it on the hinge
- Water shut off
- Mattress hook - hook the wire frame and pull it out
- Forcible entry tool
- Spanner wrench - fits pin lugs, rocker lugs, storz lugs
- Sheet rock ripper - cleanly rips through while looking for hot spots
- Nance drill - absolutely the fastest most efficient technique ever
- Denver drill - great for that second story rescue

BL240 Bowring Personal Firefighter Tool $124.95

**Super Spanner Wrench**

Fits any standard 4” and 5” Storz or locking type Storz coupling on one end; the other end fits 1¼” to 3” rocker lug type fire hose couplings. Use the center slot as a gas shutoff. Wrench set includes 4 Super Spanner Wrenches and Mounting Plate. *Ship. wt. 1-7 lbs.*

AR228 Super Spanner Wrench $20.95
AR229 Super Spanner Wrench Set $102.95
AR230 Super Spanner Mounting Plate $37.95

**Darley Storz Spanner Wrench Set**

Wrench set includes your choice of 2 or 4 Storz Spanner Wrenches mounted on a cast aluminum holder base plate. Holder is powered for corrosion resistance and surface-mountable. Wrenches are made of a lightweight aluminum casting with comfortable grip for 4”-5” Storz connections. *Ship. wt. 2 lbs. (4 wrench set).*

Cat# Description Includes Price
BK374 Spanner Wrench 4” - 5” 1 Wrench $17.95
BK375 Double Storz Wrench Set 2 Wrenches & Holder $79.95
BK376 Quad Storz Spanner Wrench Set 4 Wrenches & Holder $96.95

**Wrench Holder Set**

Mounts on apparatus for easy accessibility. Convenient, snap action aluminum holder complete with two spanners for any style or size coupling from 1¼” to 4”. Also includes an adjustable hydrant wrench for pentagon nuts up to 1½” or square nuts to 1¼”. Hydrant wrench fits 2/½” couplings. Ductile iron zinc plated head. Handle is steel zinc plated. *Ship. wt. 9 lbs.*

H711 Holder with Two Wrenches $66.95
L780 Holder w/Two Spanner Wrenches and Hydrant Wrench $87.95
Fire Hose Tester with Tool Tray

The Flamefighter hose tester features an industry leading design which incorporates the pump mounting position into a wrench and adapter tray keeping necessary tools sorted and off the work floor. Made specifically for use in the fire industry this unit is capable of testing up to 6” diameter hose and up to 300’ per discharge. The wheeled cart is able to fit through a standard 36” doorway, is equipped with 10” tires for superior maneuverability, and features stainless steel ball valves for years of trouble free operation. Options available include 1.5” or 2.5” NST adapters for hassle free connecting. The pump is capable of pumping 4 gpm at 600 psi. This hose testing unit is manufactured and assembled in USA.

Hose Rollers

Remove Air & Water Easily From Your Hose

Hose Rollers are designed to remove air and water from your 1½” to 5” single or double jacket hose. Heavy duty nylon rollers are durable for years of dependable service. Simply feed the hose through and walk the length of the hose. Two-person model AF155 is hinged at one end to clamp around the hose. One-person model AF154 slips over the end of the hose and the handles compress the rollers against the hose. Ship. wt. 10 lbs.

**Hose Washer**

Effective in cleaning all types of dirty and caked hoses. Simply connect to a fire hydrant or pumper (40-60 operating psi recommended) and these units will blast the hose clean of all debris. These machines operate by using water pressure to produce a conical multi-jet water stream while using no moving parts. This ensures long life and no loss of performance over time. Manufactured and assembled in USA. AJ515 - automatic feed washer, 1.5" NST connection, AJ453 - manual feed washer, 2.5" NST connection. Ship. wt. 15 lbs.

AJ515  3" Max Hose Size, 1.5" NST Connection  $629.95
AJ453  5" Max Hose Size, 2.5" NST Connection  $918.95

**Brute X-Pander**

Weighing 45 lbs. and 32% less than the Brute I, the X-Pander is perfect for in-house or mounted in a service van for field repairs. Requires 50% fewer strokes to expand and 75% fewer strokes to release than the Brute I. The X-Pander can couple from 1" through 3" couplings. Ship. wt. 50 lbs.

AZ356  Brute X-Pander  $2,682.95
BH170  Hose Cutter  $1,345.95

**Expansion Units**

Complete expansion unit assembly for attaching 1" through 6" couplings. Note: Red Head expansion units are compatible with some other manufacturers’ expanders. Please specify the manufacturer and model. Ship. wt. 1 lb.

AF202  1" w/Drawbar (Pull Type)  $399.95
AF204  1½" w/Drawbar  $362.95
AF209  1¾" w/Drawbar  $392.95
AF214  2½" w/Drawbar  $379.95
AF217  3" x 2½" w/Drawbar  $403.95
AF218  3" w/o Drawbar  $466.95

**Expansion Rings**

The metal used is a scientifically correct mixture which is best adapted for the purpose of giving the maximum coefficient of expansion without fracture. Ship. wt. 1 lb.

**Stainless Steel Hose Washer**

A powerful automatic feed washer for up to 5" hose. Dual conical water jet float the hose while removing soluble contaminants. The hose washer can be simply mounted with a length of hose to a pumper, or hydrant. Maintain water pressure at 60 to 80 psi to obtain best results. Sturdy construction in stainless steel ensures very long reliable service even under the most adverse conditions. Ship. wt. 10 lbs.

AW136  Hose Washer for Hose Up to 3½" Diameter  $530.95
AW137  Hose Washer for Hose Up to 5" Diameter  $785.95

**Hose Cutter**

- Heavy duty aluminum construction
- Powder coated for a tough, hard finish
- Easy and safe to use
- Ratchet handle raises & lowers steel blade
- Handgrips for easy transporting
- Makes clean, straight cuts
- Cuts hose up to 6”

Quic-Bridge® Hose Guards

One of the most economically priced hose bridges available and requires little storage space. Made of extruded aluminum to accommodate 16” or 24” widths (5” hose). Each bridge consists of one center hose guard and two ramps; neoprene feet hold the bridge firmly in place and vehicle tires do not come into contact with the hose line. Remove one ramp and bridge can be used to jump a curb. Ship. wt. 192 lbs.

Hose Ramps

No rust aluminum supports up to 50,000 lbs. loads. Ramps are traction ribbed and stiffened for extra strength. Other features include non-skid bottom, one piece construction and won’t bend or sag. Easily stack sets for convenient transport. Ship. wt. 90 lbs.
