PIRAYA DIAMOND BLADES

For years the fire service has requested “one blade that cuts all materials” for rescue saws. The Piraya Diamond Blade is as close to meeting this requirement as is technically possible in today’s Diamond Blade industry. The Piraya Diamond Blade is vacuum-brazed using high-quality grade diamonds for fast, smooth cutting and long blade life. Fits all rescue saws using 12” and 14” diameter blades.

USES:
- Concrete
- Masonry
- Metal
- Plastic
- Wood
- Copper
- Glass block
- Windshields
- Auto parts
- Aluminum
- Stainless steel
- Corrugated roofing

BG238 12" Piraya Diamond Blade $204.95
BG239 14" Piraya Diamond Blade $244.95
FIRE TIGER TOOTH BLADES

Fire Tiger Tooth and Safety Diamond Blades outlast abrasive cutting discs 100 to 1, saving valuable time replacing abrasive blades as they wear down. Fits on 4”, 4½” hand-held grinders, 7” circular saws, 12”-14” gas saws, and chop saws. Includes 22mm bushing.

USES:

- Masonry
- Concrete
- Roof tile
- Dry wall
- Stainless steel
- Copper pipe
- Steel
- Plastic
- Stucco
- PVC
- Rebar
- Wood
- Tile backer board
- Corrugated roofing
- Polystyrene pipes

Cat# Description Diameter Arbor Width Price
BE273 Fire Tiger Tooth Blade 12” 1” .125 $194.95
BE274 Fire Tiger Tooth Blade 14” 1” .125 $244.95

MAXIBLADE
CARBIDE TIP RESCUE BLADE FOR RESCUE SAWs

Rescue Blades for Rescue Saws: A deep gullet, 14”, 30 tooth carbide tip blade for rescue saws emergency use with excellent cutting characteristics. The deep gullet clears chips and other debris from the cut faster, increasing cutting performance from less powerful rescue saws (70 - 80cc). Ship. wt. 5 lbs.

*Note: Certain saw manufacturers do not allow use of carbide blades under any circumstances. Check manufacturers’ position regarding use of carbide blades prior to purchase.

Cat# Description Diameter Arbor Blade Thickness Price
BL460 Maxiblade 14” 1” .095 $189.95

WARNTHOG™ VENTILATION BLADE
THE LAST ROOF VENTILATION BLADE YOU’LL EVER BUY

The aggressive tooth design of the Warthog™ blade easily and quickly cuts through roofing materials, wood flooring and siding. Heavy-duty construction helps prevent tip loss, which is the major problem with standard carbide tipped blades. The tip is mounted to the blade by a special process. This process cushions the tip mounting and makes this blade the most durable, and probably the last, ventilation saw blade you will ever buy. Ship. wt. 7 lbs.

- It doesn’t bind. Due to the aggressive tip angle, all you have to do is feed the blade into the surface to be cut and it does the rest.
- It doesn’t clog. Even when going through multiple layers of roofing paper and tar. The deep tooth design deposits cut materials outside the blade guard, keeping cutting performance high.
- It lasts like no other blade; the heavy-duty tips are a full ¼” wide and ½” tall.
- Tip loss is a problem of the past. It is proven by fire departments all over the USA to be a dependable, high-performance blade like no other

Blade comes standard with 1” arbor (center) hole.
AS269: 20mm to 1” spacer (Stihl and other saws with 20mm arbors)
AS268: ⅜” to 1” spacer (saws with ⅜” arbors)

AJ572 Warthog™ Blade $274.95
AS268 Warthog™ Blade ⅜” to 1” Spacer $9.95
AS269 Warthog™ Blade 20mm to 1” Spacer $9.95
PRO-SAW/CUT OFF SAW
CUT THROUGH VIRTUALLY ANY MATERIAL

The Pro-Saw/Cut Off Saw can cut virtually any material - brick, steel, concrete. You name it, we can cut it. The perfect fire service saw. Ergonomically designed to work in confined spaces. Light weight and powerful for easy and safer operation. Built tough to meet your rugged demands.

- Highest power-to-weight ratio
- Ergonomically designed half wrap handle
- Large "D"-ring for easy starting
- Superior torque and lower emissions
- Advanced 5-stage air filtration system

AZ412 Pro-Saw 12” Cutoff Saw $1,586.95
AZ413 12” Multi-Purpose Blade $227.95
AZ414 12” USAR Diamond Metal Cutting Blade $545.95
AZ415 12” Metal Cutting Blade $21.95
AZ416 12” Masonry Blade $21.95

T-REX METAL CUTTING SAW
THE NEXT GENERATION OF FORCIBLE ENTRY, EXTRICATION AND COLLAPSIBLE RESCUE SAWS

- Cuts steel as easily as cutting plywood
- Cuts most building materials effortlessly
- Specially designed cover collects chips & sparks
- Five times faster and cleaner than other saws
- Spindle lock for fast, easy blade changes
- 2” depth of cut with adjustable angles up to 45°
- Retractable blade guard
- Overload switch

AZ417 Metal Cutting Rescue Saw with AZ418 Blade and Case $907.95
AZ418 7” Mild Steel Blade $113.95
AZ419 7” Variety Aluminum Blade $140.95
AZ420 7” Stainless Steel Blade $151.95

HIGH SPEED RESCUE SAW BLADES

P834 14” Metal Cutting Blade $16.95
P835 14” Concrete/Masonry Blade $16.95
P836 14” 48 Tooth Wood Cutting Blade $148.95
SUPER VC4 POWER PRO CUTOFF SAW

The SVC4 is an update to the popular SVC3. A smaller and lighter design improves mobility and the Dolmar 2-stroke engine turns the same 14" diamond blade cutting wheel at 500 more RPM. These high performance saws are designed for the fire and rescue service and proves to cut through concrete, asphalt, stone, and more with ease. The SVC4s extremely user-friendly with EasyStart technology for reliable starts, a Touch & Stop lever for immediate shutoff, built-in scrench tool for making quick adjustments, and an upright fuel inlet allowing for easier and cleaner refueling. It has a window to check fuel levels on the fly.

- Aluminum D-ring pull handle
- Ultimate debris removal system and filters
- Flow of exhaust against dust direction
- 2-year warranty

### Cat# | Dimensions | BHP | RPM | Diam. | Weight
---|---|---|---|---|---
BG206 | 15.25"Hx30"Wx11"D | 4.3 | 9850 | 14" | 19.6

BG206 | 14" Cutoff Saw with Tiger Tooth Blade | $1,767.95
BG207 | 14" Cutoff Saw, Full Kit, Tread Plate Box | $2,301.95

SUPER POWER PRO V3 VENTILATION SAW

With a powerful Dolmar 6.3 HP engine that turns at 13,500 RPM, your department can rely on the Super Vac SV3 Power Pro Saw for venting and rescue operations. With a handle designed for maximum versatility, this saw tackles a variety of operations with ease, including cutting through residential roofing, removing downed trees, and rippin through various building materials. With a quick-start compression release and an “always on” ignition, the SV3 is ready-to-go when you are.

- Chisel chain/depth gauge
- Airmaster filtration
- Quick Silver aluminum D-ring pull handle

### Cat# | Dimensions | HP | Bar | Weight
---|---|---|---|---
BG208 | 11.25"Hx13"Wx34.5"D | 6.3 | 16" | 20.8

BG212 | Chisel Chain Loop for 20” Bar | $316.95
BG213 | 20” Vent Saw, Full Kit, Tread Plate Box | $2,877.95

QUICK SILVER SAW & ACCESSORIES

**BL097 & BL099 INCLUDE:**
- Saw with D-Ring handle
- Pair safety glasses
- Pair ear plugs
- Container 2 cycle oil
- Gallon metal safety gas can
- Set manuals
- Carbide chisel chain
- Dolmar Filter Set Consisting of:
  - Air filter cartridge
  - 5 - pre filters

**BL096** | 16” Saw with Q/S Depth Gauge (Installed) | $2,531.95
**BL097** | 16” Saw Kit with Q/S Depth Gauge (Installed) | $3,080.95
**BL098** | 20” Saw with Q/S Depth Gauge (Installed) | $2,586.95
**BL099** | 20” Saw Kit with Q/S Depth Gauge (Installed) | $3,163.95
**BL094** | Billet Aluminum Pull Handle | $49.95
**BL095** | Billet Aluminum LED Flashlight Holder (Includes Light) | $129.95
**TEAM/HUSQVARNA K-12 FD 74CC RESCUE SAW**

Contains: K-12 FD 74cc 12" fire rescue saw. Modified 74CC Partner/Husqvarna K760 Active 2 cycle gas engine. Fire Department modifications include: constant on “READY START” ignition switch, large D Handle starter grip, chrome plated blade guard with welded “D” ring for attaching saw sling and saw carrying sling.

**FEATURES:**
- Air-cooled 2-stroke engine
- Active Air Filtration™
- X-Torq®
- SmartCarb™
- DuraStarter™
- EasyStart™
- Reversible cutting arm
- Easy-adjust blade guard
- Wet Kit
- Replaceable arbor bushing

**CONCRETE CHAIN SAW KIT**

The newly designed chain saw uses a diamond segment chain to cut concrete, brick and masonry. This unique saw offers several cutting features not found on conventional circular blade rescue saws. It is an invaluable tool for use in many emergencies such as earthquakes, building collapse and terrorist incidents.

**FEATURES:**
- Large “D” Handle Starter Grip: Replaces standard rubber grip, easier to use especially with heavy gloved hands
- Heavy-Duty Brass Couplings: Replaces standard plastic water hose couplings for added durability
- Water Hose Restraint Strap: Use of water with this saw is essential, the installed water hose restraint strap is permanently mounted to the rear handle of the saw, simply slip the hose through the nylon strap and the water hose is kept out of the way during saw operation
- Saw Carrying Sling: Easy-to-use and store, handy when use of both hands for balance and climbing are required

**INCLUDES:**
- K950 chain saw
- Diamond segment chain
- Diamond plate aluminum case
- Brass water connectors
- Water hose restraint strap
- Wrench/screwdriver
- Safety gas can
- Operating instructions
- Bar and chain guard
- Carrying sling
- Hearing protectors
- Goggles
- Air filter oil
- 2-cycle oil
- Spare air filter

The VentMaster® Fire Rescue Saws are the TOUGHEST fire rescue chain saws on the market today.

- **VentMaster® COBALT Guide Bar**: Features COBALT alloy inserts at wear points. This alloy is extremely hard with excellent wear, galling, and impact resistance. It will retain these properties at very high operating temps.
- **IMPROVED KIS-40 Depth Gauge**: The simplest and most durable depth gauge design. Adjusts cutting depth from 1/8” to 6”. Can be removed in seconds without tools for full-length cutting.
- **Raptor Carbide Chain**: Features an “open dual raker” design to protect the carbide cutters and control the depth of cut. Will quickly cut through lightweight building materials.
- **IMPROVED Plated Steel Splash Guard**: Strong and durable to protect the saw during extreme cutting operations. Mounted with aviation-style star washers to prevent loosening due to vibration.
- **Other Features**: Professional-grade Husqvarna engine, glove-grip starter handle, ergonomic full-wrap handle, air-injection filtration system, scrench tool mounted on handle, one-step choke/start/stop switch.

### VENTMASTER® UPGRADE KITS

Give Stihl, Echo, Cutters Edge (Jonsered) or many other saws the performance advantage of a VentMaster® Fire Rescue Saw! Each kit includes VentMaster® bar, sprocket, raptor carbide chain and depth gauge.

- **Adjustable Depth Gauge**: The KIS-40 depth gauge provides maximum safety for roof ventilation, allowing smoother, faster cuts without “rolling rafters” - rest the weight of the saw on the gauge, not the firefighter! It can be installed, adjusted from 0” to 6” depth or removed in just seconds, and won’t trap debris or heat.

- **High Alloy Guide Bar**: Designed for “plunge cuts” and maximum carbide chain performance. The bar has a precision-milled guide groove, hardened rails and totally integrated sealed nose bearings. Available in 16” and 20” lengths, slotted to accommodate KIS-40 Depth Gauge.

### UNIVENT PRO-SAW

The Univent Pro-Saw is ideal when your compartment space is limited. It has the best power to weight ratio compared to any other saw in its class. This is virtually the safest saw ever built with our exclusive spring loaded depth gauge. It also gives the operator more reach and comfort while using the saw, and eliminates cutting rafters out from under you. The Pro-Saw was designed and engineered just for the rugged demands of the fire service with features no other saw can offer.

- Large D-ring handle
- Smart start
- Full wrap handle is standard
- 71 cc (4.5 cubic inch)
- 6.5 hp
- 13,500 rpm
- 13 lbs. (without bar or chain)

THE BEAST™
The BEAST™ is tested and proven to handle the most demanding 5 star crash rated vehicles. Made in the USA.

FEATURES:
- Weight: 51.9 lbs.
- Dimensions: 28.0”x12.5”x8.0”
- Operating Pressure: 5,000 psi
- Compatible with any low pressure system
- Limited lifetime warranty

BD170:
- Cutter and Spreader in one tool, you can change from full size cutter to a powerful spreader in seconds by pulling three pins
- Generates 35% more cutting force than any other 5,000 psi tool in the market
- Outfitted with Champion’s patented laminated cutting blades with internal safety restraints
- Opening: 10.75” Cutter with 3.5” Power Notch; 28.0” w spreader with 16.0” of parallel travel
- Accessories Include: 1 full size USAR cutting head and 1 full size spreading head for one low price

BL201:
- Type of Tool: Scissor
- Opening: 10.75” Cutter with 3.5” Power Notch
- Outfitted with Champion’s patented laminated cutting blades with internal safety restraints
- Generates 35% more cutting force than any other 5000 psi tool in the market
- Accessories Include: 1 full size USAR cutting head

BL202:
- Cutter and Spreader in one tool, you can change from full size cutter to a powerful spreader in seconds by pulling three pins
- Generates 35% more cutting force than any other 5,000 psi tool in the market
- Outfitted with Champion’s patented laminated cutting blades with internal safety restraints
- Opening: 10.75” Cutter with 3.5” Power Notch; 28.0”w spreader with 16.0” of parallel travel
- Accessories Include: 1 full size USAR cutting head and 1 full size spreading head for one low price

POWER UNITS
OPERATE AT 5,000 OR 10,500 PSI ALL DAY
The Honda engines are dependable and hardworking and can operate the power unit at 5,000 psi or 10,500 psi all day long and year after year. The 6.5 HP Honda SIMO Power Unit Four Cycle is able to operate two tools simultaneously with an air cooled engine, spark arresting muffler and recoil rope starter. 3.0 Honda Ultra Light Power Unit allows two-tool hook-up but only single tool operation at a time.

B. T-N-T MULTI-PURPOSE FIRE TOOL

Every firefighter has found himself at a scene with the wrong tool or the need for multiple tools. The T-N-T Tool is an axe, bar, double jacket and a pike pole all in one. Head and pike ends are made from high-carbon, heat-treated steel and the handle is solid fiberglass. Ship. wt. 14 lbs.

AJ237     8.5 lb. Head, 40” Handle            $234.95
AJ238     6.5 lb. Head, 40” Handle            $218.95
AJ239     6.5 lb. Head, 35” Handle            $218.95
AJ240     6.5 lb. Head, 30” Handle            $218.95

C. T-N-T IRONS

Patented T-N-T head with removable T-N-T CLAW stored in handle

Compact heavy duty tool

Used to open doors in or out

Light enough to do many doors

Use as a break and rake

Can be extended for reach

Ship. wt. 20 lbs.

BL413  T-N-T Irons  $279.95

D. EMERGENCY FIRE TOOL SET

INCLUDES:

6 lb. or 8 lb. flathead axe

Marrying strap

30” halligan bar

AJ115  Emergency Fire Tool Set with 8 lb. Axe  $317.95
BL534  Emergency Fire Tool Set with 6 lb. Axe  $246.95
AJ114  Velcro® Marrying Strap Only  $15.95
ILLUMINATING GRIP WRAP
Provides at-a-glance identification with day-glow colors that illuminate in the darkness. Each roll is approximately 55" which is enough for the center of a large halligan, 6' New York hook or two axe handles. Unique surface clings to itself and allows grip on wet or dry tools with or without gloves.

- Heavy duty, made of industrial grade reinforced silicone
- May be secured in place by wrapping duct tape, electrical tape, zip tie etc on end to keep it from unraveling
- Does not have adhesive so it can be re-used
- Illuminates up to 17 hours when fully charged
- Can be charged by any light source (sun, artificial light, low light)

COLOR: Green
BL225 Illuminating Grip Wrap $44.95

HI-VIZ 36" FLAT AXE

- Made in the USA
- Rugged and perfect for ventilation, forcible entry or overhaul
- Handle construction is solid Hi-Viz pultruded fiberglass with non-slip grip
- Yellow handle construction is a strong pultruded fiberglass core with an injection molded jacket for added strength
- Axe heads are bonded to the fiberglass handle with strong two part epoxy
- Axe heads are drop forged with high carbon steel

SPECIFY HANDLE COLOR: Hi-Viz Orange with Reflective Tape, Hi-Viz Lime with Reflective Tape, or Yellow
BK382 6 lb. 36" Flat Axe $47.95
BK383 8 lb. 36" Flat Axe $110.95
BK384 6 lb. 36" Pick Axe $54.95
BK385 8 lb. 36" Pick Axe $110.95

TOPCUT™ FIREAXE
FINALLY. A FIREAXE THAT SAYS “GOODBYE” TO THE OLD WOOD CUTTER’S BLADE.

- Designed for work on the fire ground
- More efficient, less weight
- Fiberglass handle features solid core construction
- Shaped to cut from the top half of the axe blade
- Heat-treated for strength and durability
- Contoured for weight distribution and halligan tool (halligan tool not included)
- Does more work than an 8 lb. axe head
- 36½" contoured axe handle
- Patent pending

BG300 36½" TopCut™ FireAxe $193.95

HOOLIGAN SPF TOOL
The Hooligan SPF is a single piece forged (SPF) tool intended to exceed FDNY specifications for primary hand held forcible entry tools. It is made from a single piece, closed die forging for absolute consistent lengths. Ship. wt. 10 lbs.

- Recessed nail puller type claw, a thin curved profile
- Cable groove at rear end of tool head
- Electroless nickel plating

AZ393 30" Hooligan SPF Tool $227.95
BE PREPARED FOR ANY SITUATION WITH THE RIGHT TOOL FROM DARLEY

A. MULTI-PURPOSE PRY AXE®

The Pry Axe® has been the best-selling tool for over 40 years and is used by departments worldwide. It’s a lightweight, multi-purpose, slam and ram tool designed to pry, twist, chop, cut metal, twist off locks or latches and much more. This efficient tool allows forcible entry by a single person when time is critical. Pry Axe® heads are forged from alloy steel and heat-treated for maximum strength. The claws are stainless steel investment castings that are heat-treated and electro-polished. Solid steel shaft extends the axe to 25” and rubber sleeve provides a sure grip. Ship. wt. 8 lbs.

- Pike
- Recessed blade
- Axe blade
- Molded grip
- Spanner wrench
- Extended shaft
- Claw shaft
- Shaft release
- Standard claw with gas shutoff
- Metal cutting claw with nail puller

Z117 Pry Axe® with Metal Cutting Claw (18.33" Closed, 25.1” Open) $274.95
Z118 Pry Axe® with Standard Claw (18.33” Closed, 25.1” Open) $274.95
Z119 Pry Axe® with Both Claws $365.95
Z123 Sheath for Pry Axe® $40.95
AF350 Mounting Bracket $58.95

B. THE BIEL TOOL

The new Biel Tool is now one piece made out of heat treated, electro-polished stainless steel with an extremely durable ergonomically rubber molded handle. The new Biel Tool incorporates many of the features found in the world famous Pry Axe®, but is much smaller and light enough to wear on a belt or carry in the pocket of a bunker coat. This is a perfect personal size multi-purpose forcible entry and rescue tool; designed for forcing door and windows, prying and twisting hasps and locks, light overhauling, nail removal, gas shutoff, metal cutting and chopping. Ship. wt. 4 lbs.

- Pike
- Recessed blade
- Axe blade
- Molded grip
- Spanner wrench
- Extended shaft
- Claw shaft
- Shaft release
- Standard claw with gas shutoff
- Metal cutting claw with nail puller

W509 Biel Tool $188.95
W509A Sheath $36.95

C. FIREMAXX TOOL
14 TOOLS IN ONE

- Axe
- Hammer
- Spanner wrench
- Gas shut-off
- Water shut-off
- Battery disconnect
- Windshield cutter
- Rappelling ring
- Dry wall cutter
- Forcible entry
- Hinge remover
- Pry bar
- Storz latch opener
- Hood remover
- Ship. wt. 10 lbs.

BB099 Firemaxx Tool $137.95

D. 16" OFFICER’S TOOL KITS

All-steel construction, welded and forged. The two 16” Officer’s Tool Kits below include a Kerry key, Shove knife, Holder and Non-Slip Celtex grip. Ship. wt. 6 lbs.

- Kerry key
- Shove knife
- Holder
- Non-slip Celtex grip

AC597 Officer’s Tool Kit $84.95
AC598 Officer’s Tool Kit with Mini-Type Halligan Personal Tool $98.95
A. IRON SLING

The Iron Sling locks together a force ax and a halligan tool. This perfectly balanced sling lets you carry both tools hands free. Climbing and moving is now faster and safer. The Iron Sling does this by securing the ends of the tools to create a balanced unit that can be worn by the firefighter, all while keeping their hands-free. A quick release heavy-duty caribiner allows easy removal, but doesn’t crack or break like a plastic buckle. Made in the USA. Ship. wt. 6 oz.

CLOSET HOOK

Ideal for opening halls, closets, crawl spaces or upholstery. Plastic core handle will not crack, splinter, warp, rot or absorb moisture. Malleable iron pike and “D” handle are bonded in epoxy.

| P819 | 32” Closet Hook | $103.95 |
| T981 | “D” Handle for Pike Pole | $40.95 |

KWIK ACCESS TOOL

KATools (Kwik Access Tool) are ideal when searching for hidden fires, making smoke inspection cuts, opening interior finishes, cutting cables and wires, removing doors and clearing windows. This patented, multi-purpose tool is designed for push-pull motions required in cutting and probing, and the KATool will open sheetrock walls and ceilings. Additionally, it will work well on plaster/lathe, wire/plaster, lathe and tongue and groove. Sold with protective leather sheath.

- Searching for hidden fires
- Smoke inspection cuts
- Opening interior finishes
- Cutting cables and wires
- Removing doors
- Clearing windows

DRY-WALL HOOK WITH “D” HANDLE

Can be used on dry wall and other materials such as wood, plaster, sheet metal, etc. Large 4” contact and honed point makes penetration and removal easier. At the back of the blade is a flexible hook to be used in areas of limited space. Large tooth area and head size makes prying easier plus the combination rake/hose design makes this an exceptional overhauling tool. Ship. wt. 10 lbs.

| BG227 | 3’ Dry Wall Hook with “D” Handle | $72.95 |
| BG228 | 4’ Dry Wall Hook with “D” Handle | $79.95 |
| BG229 | 6’ Dry Wall Hook with “D” Handle | $87.95 |

| BG232 | 12’ Dry Wall Hook with “D” Handle | $110.95 |

TRASH HOOK WITH “D” HANDLE

Developed to find hidden fire in deep-seated smoldering fires normally found in dumps or dumpsters. Two large 6” pointed prongs, will grasp debris in huge chunks. The pole is constructed of 1” honeycomb core for maximum durability. Made in USA. Ship. wt. 10 lbs.

| BG233 | 4’ Trash Hook with “D” Handle | $77.95 |
| BG234 | 6’ Trash Hook with “D” Handle | $85.95 |
| BG235 | 8’ Trash Hook with “D” Handle | $93.95 |
| BG236 | 10’ Trash Hook with “D” Handle | $100.95 |
| BG237 | 12’ Trash Hook with “D” Handle | $106.95 |

NUPOLE™ QUICK DISCONNECT

The Nupole™ Fire Pole System is simple to use. It lets you carry a lot of tools with less investment of equipment space. Just connect the head you need to the handle, add one or more extensions and you now have the tool of your choice to do the job. The heart of this system is an extremely tough and rigid, yet easy-to-use connection, capable of carrying great loads. Features overlapping aluminum aircraft connectors with quick-release button.

FIRE-POWER™ RESCUE TOOL
EMI COMBINED SEVEN ESSENTIAL LIFESAVING FUNCTIONS IN ONE TOOL!

Fire-Power™ is the one tool that will forever change the way you will respond. In developing the ultimate rescue tool, EMI has combined seven essential lifesaving functions in one tool. Fire-Power is a pliers, cutter, gas shut off tool, pry bar, spanner wrench, seat belt cutter and window punch. The spring loaded cushioned hand grips fit comfortably in your hand and allows the rescuer to cut and grasp with ease. Its unique locking clip secures the tool and allows for stability and accurate performance. Fire-Power was designed by first responder personnel for emergencies ranging from firefighting to auto extrication. Made from high carbon steel, approximately 10.5” long and weighs 26 oz.

A. LONG HANDLE FIREFIGHTING SHOVEL

- Forged steel head
- Solid shank blade
- Rear turned steps
- 44” wood handle
- Ship. wt. 7 lbs.

AJ462 Long Handle Firefighting Shovel $61.95

B. COLLAPSIBLE RESCUE SHOVEL

The Collapsible Rescue Shovel has been the tool of choice for many first responders. Its compact, lightweight design makes it easily transportable, yet rugged enough to get the job done under extreme conditions. The blade is engineered to be used as a shovel, axe, saw, hoe or piercing tool. Ship. wt. 3 lbs.

USES:
- Shovel
- Axe
- Saw
- Hoe
- Piercing tool

AK010 Collapsible Rescue Shovel $22.95

C. FIREFIGHTING SHOVELS

Round point shovels are hollow back with 8½”x12” blade. Square point shovels are also hollow back with 9½”x11½” blades and rolled step. The fiberglass handles provide unsurpassed life, comfort and safety. Heat treated and tempered blades resist wear and breakage. Ship. wt. 5 lbs.

AZ378 Round Point 48" Handle Shovel $44.95
AZ379 Round Point 27" D-Handle Shovel $39.95
AZ380 Square Point 48" Handle Shovel $43.95
AZ381 Square Point 27" D-Handle Shovel $40.95

D. ALUMINUM SCOOP SHOVEL

The large, heavy-duty square blade is heat treated and tempered to resist wear and breakage. Ideal for getting rid of fire debris, scooping gravel and other course materials. Shovel blade measures 15¼”x19¼” with 27” handle. Ship. wt. 5 lbs.

AB045 Aluminum Scoop Shovel $64.95
DARLEY RAM JAMMERS
FOR VEHICLE EXTRICATION

When doing a dash roll-up, place the Ram Jammers against the B-posts on each side of the vehicle. Then, instead of only getting one push with the medium hydraulic rams, Ram Jammers give you a secure base to make a second and then a third push for the “Maximum Dash Roll-Up.” This will give you a large amount of room in the front of the patient, making it easier to apply spinal immobilization devices. They also absorb the force of the rams to prevent fractures at the B-post. *Ship. wt. 45 lbs.*

When doing a dash roll-up, place the Ram Jammers against the B-posts on each side of the vehicle. Then, instead of only getting one push with the medium hydraulic rams, Ram Jammers give you a secure base to make a second and then a third push for the “Maximum Dash Roll-Up.” This will give you a large amount of room in the front of the patient, making it easier to apply spinal immobilization devices. They also absorb the force of the rams to prevent fractures at the B-post. *Ship. wt. 45 lbs.*

**PERCUSSIVE RESCUE KIT**

You’ll feel the difference as soon as you hold it. This slam and ram tool exerts a striking force as you’ve never seen. You’ll hear the solid “thud” as the slam bar strikes one of the six assorted tool bits. The ram travels up to 13.6” for maximum impact. Whether you’re breaking a brick/block wall or pounding through locks and latches, this tool makes you more efficient. With the slam and ram feature, there is no deflection of pounding force. All of the energy is used to strike effective, penetrating blows by a single person. When hydraulic, electric and pneumatic power is gone or unavailable, you’ll still be punching and pounding with this rescue tool.

**COMPLETE KIT INCLUDES:**
- Percussive tool bar
- Lockbreaker claw
- Metal cutting claw
- Bull point
- Chisel
- Wide chisel
- Carrying bag

HAND TOOL RESCUE KIT
The Hand Tool Rescue Kit you have always wanted to put together but never did. Now you can pound, cut, pry, saw, seal, loosen, tighten and dig with an assortment of top-quality industrial-grade hand tools built to deliver years of dependable service. Kit features Sandvik “ergonomic” tools specially designed to reduce or end work-related injuries. The kit also includes a heavy-duty seat belt cutter, cable cutter with insulated handles for working on live voltages up to 1,000 volts, military spec tri-fold shovel and more. All tools carried in a black plastic case. Ship. wt. 40 lbs.

COMPLETE CRASH AND RESCUE TOOL KIT
All-purpose set of tools for use in crash and fire emergencies. Contains everything needed to quickly and efficiently cut through metal, webbing, wood, rope, and other obstructions. Ship. wt. 15 lbs.

- Metal cutting saw - 16” blade
- Aircraft cable cutter - cuts 1/8” to 1/4” capacity and 14” long
- Lineman’s Pliers - 8” long/extra strong
- Hack saw frame - adjusts from 8” to 12”, faces 4 ways, and adjusts 90° for vertical or horizontal cuts
- 3 - Hack saw blades - hard toothed, silver steel for fast cutting
- Grappling hook & rope - 52” sling
- 2 - Phillips head screwdrivers - 6” and 8”
- 2 - Slotted head screwdrivers - 6” and 8”
- 3 - Wooden plugs - plug fuel and control lines
- Vise grip wrench - 10” long
- Serrated edge hand axe - 15” long with handle insulated for 20,000v
- Safety V blade rescue knife
- Weather-resistant, mildew-resistant, rubber-coated nylon hi-vis yellow carrying case

- SAE and Metric
THE GLAS-MASTER
REMOVES GLASS IN LESS THAN A MINUTE

The Glas-Master is truly an extraordinary tool that is manually operated; no electricity or hydraulics needed. No other tool cuts glass windshields faster and more effectively, helping reduce rescue time significantly. Cuts on pull stroke thereby pulling glass to the outside, away from the victim. It can also be used on fiberglass, wood, plaster or even underwater rescue. What’s more, the Glas-Master has its own storage of the spring-loaded center punch so it won’t get lost or misplaced when it is needed most. Ship. wt. 4 lbs.

- Window punch
- Blade with cover
- Spike

AB885   Glas-Master $174.95
AB885A  Glas-Master Replacement Blade $26.95

RAM ENTRY TOOL GETS THE JOB DONE

Two different models of RAM tool allow for one or two-person operation. It is easy-to-carry, easy-to use and easy-to-stow. Durable and long-lasting construction of epoxy/ steel striking head reinforced with fiberglass rods, safety grips of non-slip, electrically nonconductive Celtec with vinyl clad, high-tensile strength and aircraft steel cable cores. RAM I (shown) is designed for one-person emergency entry. 30" long and weighs 35 lbs. The kinetic energy is greatly increased to 20,000 lbs. RAM II is designed as a two-person ram which may be used by one strong person. This two-person Ram is 30" long. Ship wt. 45 lbs.

AA680   Ram I Entry Tool $264.95
AE096   Ram II Entry Tool $314.95

HINGE HOOK- KEEP ALMOST ANY DOOR OPEN

As any firefighter knows, closed doors can trap you in a room. Traditional wedges have been used to keep doors open but these can come loose and dislodge if the door is bumped. The Hinge Hook is a simple, reusable, reliable device that can be inserted over the hinge of almost any door to aide in preventing door closure. It’s made of zinc- coated steel and is welded and bent to keep the door open at a 75º angle or less. Light enough to carry on your turnout gear, high rise packs and belts. A handy multipurpose accessory ring can hold a handlight, flashing strobe, cyalume stick, etc. Ship. wt. 1 lb.

AM184   Hinge Hook $10.95

FAT IVAN®-THE WORLD’S ONLY FOLD-UP DOOR CHOCK

- Corrosion resistant, engineered plastic and zinc plated steel
- Made in the USA
- Safe, secure design, never slips off hinge or comes out accidentally
- Compact (4”x2”x1”) and lightweight, weighing only 5 oz.
- One-handed operation
- Also great for high rise emergency packs
- Will not tear fire gear

BK360   Fat Ivan® Door Chock $15.95

“V” BLADE
RESCUE KNIFE

Cuts through seat belts. Precision made of high-strength aluminum alloy. Tip fitted with Dzus Key for opening aircraft panels. The blade will cut 10,000 lb. strength webbing with one stroke. Ship. wt. 3 lbs.

L470   “V” Blade Rescue Knife $46.95
L470X  Replacement Blade $12.95

DUCK BILL
LOCK BREAKER

All steel tapered head. Designed to be placed in the shackle of a padlock and when hit with a mallet or the back of an axe, it easily spreads the shackle open. Celtec insulated steel doweled handle. Ship. wt. 10 lbs.

W515   Duck Bill Lock Breaker $105.95

RESQME®
WHEN SECONDS COUNT...

How does resqme® work? The clip allows you to hang the resqme® on your keychain and to unhook it easily. Its sharp blade, protected by the clip, is specially designed to cut seat belts. A mechanism propels a steel spike that shatters the side window glass with a pressure of 12 lbs. Ship. wt. 1 lb.

- Indispensable tool reducing fatalities from car entrapment situations
- Made in USA for maximum quality control
- Tested yearly for reliability
- Compact and convenient

AS656   resqme® $8.95

NEW LOW PRICE
ONE OR TWO PERSON OPERATION
ONE OR TWO PERSON OPERATION
ONE OR TWO PERSON OPERATION
**ELEVATOR KEY SET**

Manufactured to conform with the majority of elevator manufacturer’s access keys. This convenient set of quality keys consists of: volt-resistant key with 5,000-volt resistance of spring steel; swing door access key; rib key “T” style; vandal-proof access key; half-moon key (large); half-moon key (small); drop key, adjustable; side exit key; “Z” key round stock; knife key with “T” handle; shove knife; kerry key. Set comes on a large jailers ring for easy storage and use. Split ring for easy removal. Ship wt. 1 lb.

**LOCK PULLING TOOL KITS**

**T986:** Driven over the protruding edge of the lock cylinder and then pried off with a Hooligan Tool or similar tool. The lock cylinder is pulled out of the door and the key tools are then used to operate the mechanism. Includes leather pouch, set of key tools, K-Tool and instructions. *Ship wt. 4 lbs.*

**BB062:** Designed to pull all types of lock cylinders too large for the K-Tool unit such as locks that extend out from the door and 1” round are easily pulled with the R-Tool. The R-Tool consists of: R-Tool, Nylon carrying case, set of lock tool keys and a shove knife.

**IMPORTANT SALES NOTE**

**ALL LOCK TOOLS SOLD ONLY TO DEPARTMENTS**

Order Must Be Verified by Department Letterhead

(Not for emergency use, or for use on all locks)

**WEDGE IT**

**PLASTIC MINI SPRINKLER WEDGE**

Plastic mini sprinkler wedges are nearly indestructible and superior to traditional wood. Gripper edges keep wedge in place, and recycled plastic construction means they won’t soak up water or break. High-visibility yellow makes retrieval easier, and can be used again and again. Features a gripper edge and handy pre-drilled lanyard hole for fast, easy retrieval. Use as a sprinkler or door wedge. Dimensions: 5½”L, 1.7” at the thick end, .7” thick at the thin end. *Ship wt. 1 lb.*

**“STRIP AND PEEK” TRIM AND MOLDING REMOVAL TOOL**

The Trim and Molding Removal Tool is designed to expose the following hazards while preparing to extricate a victim from an automobile accident.

**REVEAL THESE HAZARDS:**

- Air bag canisters that have 3000 psi - 10,000 psi
- Seat belt pre-tensioners, positioned in the lower portion of the “B” post
- Wire looms that are connected to the air bags and pre-tensioner systems
- Expose the super structure of the vehicle prior to cutting brain box for the air bags

**SHOVE KNIFE- DOES THE JOB OF THREE**

The fastest, damage-free means of opening residential, office interior doors with key in the knob locks. Works from either side of the door. If the door opens inward, you shove the knife in back of the molding stop and retract the latch. For doors that open towards you, the knife is slipped in from above or below the latch point, jigged and pulled to retract the latch. *Ship wt. 1 lb.*

**IMPORTANT SALES NOTE**

**ALL LOCK TOOLS SOLD ONLY TO DEPARTMENTS**

Order Must Be Verified by Department Letterhead

(Not for emergency use, or for use on all locks)
TRUE NORTH L-2 LIGHTSPEED RIT BAG

Our exclusive ultra tough Iron-Cloth™ combined with the Heat-Shield™ Nylon 6.6 skid plate makes the L-2 the toughest bag on the market, top-to-bottom. The skid plate allows the bag to glide over the roughest surfaces and making it extremely wear resistant. Innovative access-hatch design makes access to spare face piece and valve set quick and easy. Side zipper expands to allow the addition of a rope bag or secure the bag to webbing. Features a 60” shoulder strap. **Ship wt. 6 lbs.**

- Designed to hold all makes of masks and bottles
- Quick-Draw transfill hose pocket, top flashlight holder, 2 tool pockets
- More 3M™ reflective tape for a 360° view
- Additional webbing and rivets to skid plate for maximum durability
- Interior strap on the inside to better secures the cylinder
- BH113: Dimensions: 36”x13”x10”
- BH114: Optional rope bag stores up to 200’ of line, Dimensions: 18”x8”x4”

| BH113 | True North L-2 Lightspeed RIT Bag | $260.95 |
| BH114 | Rope Bag | $60.95 |

USAR MISSION BACK PACK

- Designed as a 72 hour deployment pack
- Detachable (back-up) suspender straps allow the bag to be used as a stand-alone back pack
- Sized to easily carry and compartmentalize the essentials
- Foul weather storm flap completely covers the pack and cleanly stows away
- Bright yellow interior to increase visibility
- 2100 cu. in. of space
- Rugged handle allows carrying like a duffel bag
- Adjustable helmet or rain gear pocket

| BL392 | USAR Mission Back Pack | $223.95 |

- 102 oz. CamelBak reservoir with bite valve cover included
- Waterproof zipper
- Fog Manual pocket and covered pockets
- MOLLE® attachment system
- Breathable spacer mesh back panels
- Bright yellow interior pockets
- 3 dimensional reflective trim
- Radio pocket
- Strap management system
- Spring clips to hang glow sticks
- Velcro patches to attach ID-Panel (not included)
- Drag handle
- Compatible with detachable back pack

| BL393 | USAR Load Bearing Harness | $292.95 |
RAPID RESPONSE BLANKET
ALL-PURPOSE TACTICAL RESCUE TOOL

The Kovenex® Rapid Response Blanket is a high-performance, flame and tear-resistant blanket used by extrication professionals and fire rescue teams. Tested to NFPA standards, Kovenex® far surpasses the performance of treated wool blankets, refusing to burn or tear. It will provide you and your rescue victims the needed protection against fire, intense heat and burn, shattered glass particles and sharp metal edges. Dimensions: 58”x73”.

- **Safer** - Patented, high-performance fabric resists fire and tear, protecting you and your rescue victims against open flames, shattered glass and sharp objects
- **Easier** - Kovenex® blankets are lightweight, yet durable, engineered to smother fire or wrap around a rescue victim for protection against burn and flying debris
- **More Effective** - Tested to NFPA standards, Koerner heat blocking capabilities prevent contact burns

SPECIAL OPERATIONS RECOVERY DRAG

This life saving device is the most efficient means of removing a downed firefighter or victim from the “Hot Zone”. The S.O.R.D (Special Operations Recovery Drag) is lightweight, compact, and easily deployed. The S.O.R.D rides in its own bag inverted next to a firefighter’s airpack, on a bandolier system, staying out of the way, enabling firefighters to continue their work. When needed, the firefighter simply brings the S.O.R.D, the forward, opens the top flap and deploys. It has no buckles, snaps, or straps. It can be easily managed by one person, saving the lives of many. The Cotton Duck S.O.R.D. does not exceed any rating but is manufactured to 2,000 lbs. - 2,200 lbs. as a Nylon Border. The center consists of a single ply Cotton Duck with a good abrasive factor for dragging and gives the center 800 lbs. - 1,000 lbs. of carrying capacity.

THE TOOL BAG

Developed for easy access to commonly used tools. No flaps, zippers or closures to get in the way when specific tools are needed quickly. Constructed with R&B Fabrication’s “TUFF BOTTOM” this bag has superior durability, yet it is extremely lightweight. The outside side walls of the bag are constructed of heavy reinforced vinyl and the inside walls have rigid plastic for support and durability. Outer pocket has ample room even for large diameter hose wrenches. Reinforced webbed straps make the handles strong and easy to use even when wearing thick firefighting gloves. Measures: 21”x9”x9½”. Ship. wt. 1 lb.

**WORKING AIR® CYLINDER**

These are lightweight, sturdy cylinders, ready to use. Have an economical air supply on hand. Made of strong, high density aluminum; standup design allows more convenient vertical storage. They take the rough handling at an emergency scene without the concern for costly fiber damage to your SCBA cylinder. Best of all, they cost much less than new high-pressure breathing air cylinders. This means that your department can economically maintain a high-capacity air system without tapping SCBA resources. *Note: not for breathing air.* *Ship. wt. 10 lbs.*

HEAVY RESCUE OUTFIT

The PETROGEN® Heavy Rescue Outfit is designed for extensive steel cutting in a heavy rescue situation. The components were assembled with the input of firefighters and USAR members. Hundreds of fire departments and USAR teams are using the PETROGEN® system. Ship. wt. 45 lbs.

DARLEY DELUXE CHAIN KIT

The Darley Deluxe Chain Kit can help save time and lives in a crash rescue situation involving pulling or moving of steering columns, seats, doors, dash boards, etc. Kit can be used separately or as a companion to your hydraulic equipment.

INCLUDES:
- 20' slip hook/grab hook
- 20" “cheater” chain - dual grab hooks
- “J” hook assembly with round ring and shackle
- 6' chain with “J” hook on one end, “T” hook and grab hook other end
- 1½ ton capacity series 653 lever hoist with 5' lift
- Carrying container

BA126  Heavy Rescue Outfit  $2,025.95

DARLEY CHAIN KIT

| 6' “J” hook |
| 3” “C” hook |
| 2’ “T” hook |
| 7' Pull chain assembly |
| 12’ Extension chain |
| 2 - Cheater chains |
| Carrying container |

AZ525  Darley Chain Kit  $592.95

SURE CUT SYSTEM

The Sure Cut System will cut virtually any metal, both ferrous and non-ferrous, and is faster than conventional oxy-acetylene cutting. Our system does not require preheating or cleaning the material before cutting. It is easy-to-use and is cost effective for most applications.

FEATURES:
- No Carbon Residue - Clean cuts with no carbon to grind away
- Portable - It can be used in remote areas with the use of a 12v battery
- Faster - Sure Cut is as much as five times faster than oxy-acetylene cutting and up to ten times faster than Carbon Arch Gouging, depending on the thickness of material to be cut
- Easy-to-Use - With Sure Cut equipment, all you need is an ignition source (welder, 12 or 24v battery or torch) and oxygen to operate

BN081  Darley Deluxe Chain Kit  $795.95

BH017  Tool Box Kit with Standard Holder and 24 Rods*  $753.95
* 12 each ¼” and 12 each ½”x24” QC rods

GRADE 70 CHAIN CAPACITY

ARIMAL LIFTING BAGS

Matjack’s unique construction of four full layers of aramid fiber provide for a lifting bag unequalled in strength and durability. All Matjack air lifting bags are marked with a distinct white numbered, "bulls eye" for ease of centering under the load, and have a conical, interlocking surface to limit slippage and aid in stacking. All Matjacks have either carry handles or tabs molded right on for lifting of attaching to fixtures. The Matjack "state-of-the-art" deadman controller allows for independent or simultaneous operation of one or more airbags. Supply hoses are color coded to help eliminate confusion during simultaneous operation of more than one airbag. Made in the USA.

TELESCOPING ALUMINUM SUPPORT SYSTEMS

Designed primarily for stabilizing motor vehicles involved in crashes, the TASS is a patented, 3-tiered telescoping aluminum support system. Like all Prospan product, the TASS has been designed to be simple to use and incredibly strong. Independent testing by the University of Illinois, shows the TASS to be one of the strongest vehicle stabilization products in the world.

INCLUDES:

- Telescoping aluminum supports 26”-48” span
- Baseplate - 10” with detent pins
- Baseplate shoring adapters
- Vehicle adapters
- V-Grip attachments
- Conical-shaped attachments
- Ratchet straps - 20” with hook cluster

EMERGENCY EQUIPMENT STAGING PLATFORM

The Emergency Equipment Staging Platform is 6’x10’, color coded and marked. This MAT-1 features a ribbed storage area for air cylinders. There are also storage areas for power tools, ropes, and EMS equipment. MAT-1 is expandable to meet the size of any incident. Each MAT-1 panel is also sold separately and comes standard with green and red which has “Full and Empty”. The two yellow panels have “Power Tools and Hand Tools”. The two blue sections have “EMS and Ropes” and the long middle section has “Hooks” embroidered for long lasting markings. The sections are easily expanded or retracted as needed. Carrying strap included.
# AUTOSTRUT

**STABILIZE A VEHICLE IN LESS THAN 90 SECONDS**

The AUTOSTRUT is developed by firefighters for firefighters and is designed to meet a wide variety of rescue situations rescue personnel encounter on a daily basis. The AUTOSTRUT’s unique design allows rescuers to completely stabilize a vehicle in seconds. This allows manpower to focus on patient care and extrication. The AUTOSTRUT system meets all of the vehicle stabilization criteria that industry professionals have been asking for. It is easily transported to the rescue site by way of its carry bracket and the struts are quickly deployed.

**BASIC PACKAGE INCLUDES:**
- 4 - Spare strut pins
- 2 - Pin with wire lock ¼"x2½"
- 2 - Ratchet and strap with 2 hooks
- 4 - Spare o-rings bagged
- 2 - Claw top
- Hook cluster
- Accessory bag

**FEATURES:**
- Double-pinned for added safety
- Holes and pins are indexed for easy alignment
- Locking collars prevent tube separation
- Ratchet strap system is the fastest and easiest to use in the industry
- Extra multi-position foot plate

**STANDARD PACKAGE INCLUDES:**
- 4 - Spare strut pins
- 2 - Pin with wire lock ⅝"x2½"
- 2 - Ratchet and strap with 2 hooks
- 4 - Spare o-rings bagged
- 2 - Claw top
- V-block top
- Flat top
- Adjustable top Assy
- Hook cluster
- Quick grab strap
- Large J-hook for fender
- 2 - Large base plate
- Accessory bag

## QUICK GRAB STRAP:
- Seats in the window frame
- Strong stabilization anchor point
- NO glass breakage
- Perfect for laminated glass windows

## SELF CONTAINED RATCHET STRAP:
- Multi-functional
- Features patented rewind system
- Compact for easy handling and storage
- Simple release tensioning sprocket

## LARGE J-HOOK FOR FENDERS:
- Seats in the fender wall
- Strong point of contact for anchoring
- Keeps rescue path open and free for patient removal

- Anatomically designed palm pads for unparalleled freedom of movement

**SPECIFY SIZE: S-XXL**

| AW123 | Extrication Gloves Long Cuff | $49.95/pr. |
| BG508 | Extrication Gloves Short Cuff | $53.95/pr. |
**EXTRICATION RESCUE GLOVE WITH BARRIER**

- Pre-curved glove with two-way stretch
- Air flow Cordura® and accordion style back
- Interior fleece lining and “Snuggler” with taslon debris blocker wrist area
- Hipora waterproof barrier and breathable insulation
- Kevlar® reinforced palm, finger tips and knuckles
- Armor-Dillo knuckle protection
- Cotton terry brow wipe
- Reinforced rubber pull with hidden cord carabineer loop
- Reflective finger tips and trim

**SPECIFY SIZE: S-XL, Jumbo**

BK092  Extradition Rescue Glove w/Barrier  $65.95/pr.

**911 BARRIER EXTRICATION GLOVES**

- Waterproof and breathable Hipora® barrier to protect hands from micro-organisms such as TB, Hepatitis, Staph and HIV
- Molded TPR (Thermal Plastic Rubber) knuckles reduce impact and increase dexterity
- Boxed finger tip design for better fit and comfort
- Cut resistant Kevlar® palm, thumb, finger and side panels

**SPECIFY SIZE: S-XXL**

BD141  911 Barrier Extrication Gloves  $58.95/pr.

**RESCUE GLOVES**

**FEATURING PATENTED SUPERCUFF TECHNOLOGY WITH PROTECTION AND DEXTERITY LIKE NEVER BEFORE!**

- Kevlar® palm panels with anatomic cutouts create maximum cut resistance without restricting grip
- 6mm segmented padding across the knuckles creates padding that moves with you
- 3M reflective markings for increased visibility and increased safety
- Gel padding reduces vibration and decreases injury
- Reinforced rubber pull with hidden cord carabineer loop
- Reflective finger tips and trim

**SPECIFY SIZE: S-XXL**

BE280  Rescue Gloves  $41.95/pr.

**HYBRID EXTRICATION HI-VIS GLOVES**

- ResQLoc Grip System
- SuperCuff technology for full range of motion
- CE Rated 4343, Level 3 cut and puncture protection
- TPR impact protection on top of hand and full length of fingers
- High visibility for increased safety

**SPECIFY SIZE: S-XXL**

BK277  Hybrid Extrication Hi-Vis Gloves  $49.95/pr.
VERTEX® VENTED HELMET

- Six-point mesh liner conforms to the shape of the head for improved comfort
- Shock absorption achieved through deformation of the outer shell
- CenterFit adjustment system ensures centering and optimal stability of the helmet on the head
- Adjustable ventilation holes with sliding shutters
- Side slots for mounting hearing protection
- Inserts for accepting a VIZIR faceshield
- Slot for mounting a PIXA headlamp
- Four clips for mounting a headlamp with an elastic headband
- Chin strap designed to limit risk of losing helmet during a fall (strength greater than 50 daN)

SPECIFY COLOR:
Red, Black, Yellow or White

BK351 Vertex® Vented Helmet $114.95

SAR ALL RISK HELMETS

- Search and rescue / confined space / CBRN environments
- Water rescue / swift water / marine / ribs / hovercraft
- Forestry fire fighting
- Ambulance / E.M.S.
- Wildland fire fighting / general search area
- Maritime rescue / coastal border security
- Working at height / urban climbing
- Meets the Requirements of:
  - NFPA 1951:2007,
  - NFPA 1952:2010
  - ANSI Z89.1
  - Type 2 Class C

SPECIFY COLOR:
Red, Black, Yellow, White

BL410 SAR All Risk Helmet $189.95
BL411 Helmet Vent Covers-Photo Illuminescent $22.95/pr.
BL412 Clear Full Marine Visor $139.95

ADVENT® SEARCH AND RESCUE HELMET

Made to help protect against the hazards encountered by paramedics, emergency medical technicians and search and rescue personnel. Offers top, front, side and rear impact and penetration protection with polycarbonate outer shell and ABS inner shell. It’s easy to size to your head with the Sure-Lock® ratchet headband and 8-point suspension. Chin strap with quick-release buckle is permanently attached. Decals not included. 6” Poly-carbonate faceshield sold separately. Meets ANSI, CSA and OSHA standards. Ship. wt. 3 lbs.

S/R 3-point chin strap

AC390 6” Faceshield $59.95
BB175 Hardware for AC390 $21.95

USRX URBAN SEARCH & RESCUE HELMET

The USRX, a dual purpose urban search and rescue and structural firefighting helmet, is the result of 50 years of Bullard thermoplastic technology, engineering expertise and market responsiveness. The USRX is designed to protect first responders in every USAR application, from high angle to confined space rescue. The outer shell of the USRX is made of high-heat Ultem® thermoplastic. The Bullard Sure-Lock® ratchet headband offers both a quick-turn of the knob head size adjustment and a new, unique 3-position height adjuster for balance and comfort. The USRX comes standard with a new, unique 3-point chin strap, ESS goggles and Bullard’s Quick-Attach Blade mounting system. The USRX is designed for comfort, safety, and cost-effective maintenance. NFPA 1951-2013 and NFPA 1971-2013 compliant. Ship wt. 5 lbs.

- Urethane impact liner
- M-Pact shell
- Sure-Lock® ratchet suspension
- Black rip-stop Nomex® ear/neck protector
- Quick-Attach™ faceshield
- Quick release 3-point chinstrap
- Edge beading
- Leather ratchet cover

SPECIFY COLOR: Red, Black, Yellow, White, Blue or Lime Yellow

BC075 USRX Urban Search & Rescue Helmet $171.95
CMC FIRE-RESCUE HARNESS
UL CLASSIFIED TO NFPA 1983-CLASS III AND ANSI Z359.1

Enhanced with a new Fall Arrest Indicator and work-positioning side D-rings, the Fire Rescue Harness remains the most versatile, multiple-use harness in fire rescue. Used by fire department rescue teams, USAR teams, helicopter crews, and wilderness SAR teams, this extremely popular harness features multiple D-ring attachment points, and our JackBack™ removable padding with breathable D3 cloth, which keeps shoulder straps separated, and makes donning and doffing a breeze. The dorsal D-ring allows adjustment for different size rescuers, but stays in place when loaded, greatly increasing comfort. The front waist D-ring allows a comfortable, stable sitting position for rappels and the sternum D-ring works well for helicopter hoists. Gear loops have been improved for easier access, and quick-connect shoulder straps and leg loops make donning the harness simple and fast. Pads on the leg loops can be adjusted to the most comfortable position. The front lift assembly accepts screw links for adding a chest ascender or safety lanyards. Attachment points: front waist, sternal, dorsal, sides. Ship wt. 4 lbs.

CMC PROSERIES HARNESS COMBO
UL CLASSIFIED TO NFPA 1983-CLASS III

Designed for rope rescue, rappelling, and confined space rescue, the CMC ProSeries Harness Combo consists of the ProSeries Rescue Harness and ProSeries Chest Harness, which together make a Class III full-body harness. The chest harness can be removed to allow the seat harness to be used alone. If your primary need is a Class III harness, but you want the flexibility of also having a seat harness, the Combo is the perfect fit. Ship wt. 8 lbs.

- Rear attachment point
- Built-in lumbar support
- Web-Keepers™ secure loose ends of the web coming out of the buckles
- 1½” web adjusting strap wraps completely around for stronger harness
- Molded padding with breathable D3 cloth provides a better fit with greater comfort and lighter weight
- Larger front D-ring easily accepts three rescue carabiners
- Chest harness attaches to front and back
- D-rings on sit harness
- Front chest D-ring transfers load to the sit harness, increasing comfort in a vertical lift
- Quick-fit buckles on the legs make donning the harness easy and quick

AZ587  CMC ProSeries Harness Combo (Chest and Rescue Harness) $536.95

CMC PADDED RESCUE HARNESS
UL CLASSIFIED TO NFPA 1983-CLASS II

Designed for rope rescue and rappelling. The D-ring attachment point made connecting carabiners easy even when hanging in the harness. Extra wide waist and leg loops created more of a “work platform” than the slim profile of a “climbing harness. Today’s harness has waist and leg pads with breathable D3 cloth for greater comfort, a rear waist D-ring for travel restraint, and gear loops on each side. With more than a 35 years of use-inspired evolution, the Rescue Harness continues to set the standard for superb comfort and performance. Ship wt. 3 lbs.

AJ338  CMC Padded Rescue Harness $220.95
PRUSIK CORDS
Prusik cords serve many functional purposes in the field and are a must have for technical rescue teams. They are extremely versatile in tandem prusik belays, load release devices, as ratchets in pulley systems, and anchor systems. Sterling Rope’s prusik cords are made of 100% nylon and have a construction that gives great durability, suppleness and handling.

AW412 SPECIFY COLOR: Red, Black, Blue, Orange, Desert Tan or Woodland Camo
AW413 SPECIFY COLOR: Red, Black, Blue, Orange, Purple or Teal

1/2" (12.5MM) SAFETY GLOW ROPE
Two-person rescue rope with reflective yarns makes it highly visible in low light to dark situations. Suitable for confined space rescue, caving, night rescues, and industrial safety applications.

Cat# Description Tensile 150’ 200’ 300’
BE010 1/2" (12.5mm) Rope 9,284 lbs. $175.95 $233.95 $348.95

UTILITY ROPE
Sterling’s economy utility rope is perfect for many non-lifesafety applications such as hauling tools and equipment, lashing litters, etc. It is easy to tie knots with and is not too stretchy. White with tracers. Not for rappelling or life safety use.

Cat# Description Tensile 300’ 600’
BE007 1/4" (10mm) Utility Rope 2,200 lbs. $191.95 $392.95
BE008 3/8" (13mm) Utility Rope 5,000 lbs. $269.95 $509.95

RIT HEAT RESISTANT SEARCH LINE AND ESCAPE ROPE
Rapid Intervention Teams (RIT) face the most demanding and extreme conditions during search operations. Overcoming extreme heat, ground obstacles, and poor visibility are just some of the hurdles faced when searching for and rescuing trapped firefighters or civilians. Firefighter safety and survival has become an important focus and Sterling RIT Lines are an integral rescue tool in search and bailout operations.

RIT 900 6.8mm - 100% aramid fiber search line. Designed with a supple hand to enable long lengths of cord to be stuffed in a pocket or bag, deployed efficiently, and easily tied with directional knots. Heat resistant to 932°F.

Cat# Desc. Tensile 150’ 200’ 300’
AS277 RIT 900 4,200 lbs. $148.95 $197.95 $295.95
PERSONAL ESCAPE ROPE
Sterling’s Personal Escape Ropes are manufactured to yield a perfect balance of strength, abrasion resistance, and handling so they perform flawlessly the moment they are needed. The escape ropes are designed with tough sheaths and the proper elongation to help absorb impact force during a “bail out.” The 8mm diameter has a high tensile strength and a great hand for packing into turnout gear or drop bags. Available in neon yellow or orange. Certified to NFPA 1983, (2012) edition for Escape Rope. Ship. wt. 2 lbs.

Sterling’s Personal Escape Ropes are manufactured to yield a perfect balance of strength, abrasion resistance, and handling so they perform flawlessly the moment they are needed. Available in neon yellow or orange. Certified to NFPA 1983, (2012) edition for Escape Rope. Ship. wt. 2 lbs.

CMC RESCUE ROPE BAGS
Solid performers for years, the popular CMC Rescue Rope Bags feature a variety of innovative elements. Contoured backpack-style shoulder straps offer greater comfort when carrying a heavy bag. Bag tops are made of rugged pack cloth for easier closing. Handles, just inside the top, can be used to hold the bag open for quicker stuffing or to carry the bag from the top, haul-bag style. A soft rubber side-carrying handle is comfortable on the hand. The bottom of the bag has a large grommet to pass the rope through, plus sewn web loops to tie the rope end off inside or outside of the bag. The #1 Rope Bag is all Cordura® nylon and features an external web handle. Color: Orange.

CMC RESCUE RIT KITS
UL CLASSIFIED TO NFPA 1983—GENERAL USE
Improved! Often the solution to navigation in an unknown structure with poor visibility is a small cord attached at the entrance and deployed as a firefighter moves through the building, so he can retrace his steps to the entry point or be located by a Rapid Intervention Team. With a carabiner on each end, a partner’s line can be attached to yours to extend the distance. The 50 ft. length works well for residences and small structures. The 150 ft. length is a good choice for larger commercial buildings. These kits include CMC Rescue’s new reflective RIT Line and two bright orange ProTech™ Manual-Lock Carabiners with keeper pins.

F4™ FIRETECH ESCAPE SYSTEM
The F4™ FireTech Escape System offers a reliable, easy to use system for personal escape. This system includes the FireTech 32, the proven rope of FDNY. This kit also includes:

- 50’ FireTech
- F4 Escape Device
- SAFE-D three-stage carabiner
- Crosby FireFighter anchor hook
- 4UL certified to NFPA 1983, 2012 Fire Escape System

$1 from each system goes to the National Fallen Firefighters Foundation.

The new Prusik-minding pulley (PMP) is ideal for high anchor points or tripod use. The rotating swivel aligns the rope with the direction of the pull. Its stainless steel sheave can be used with either rescue rope or wire cable. By combining the swivel with the pulley, overall system length is minimized, increasing travel. The patented pivoting side plate allows the rope to be quickly inserted. The PMP Swivel Pulley can be used with confidence in work-at-height maneuvers for industrial rope access or technical rope rescue when used in accordance with the regulatory safety standards it falls under. Always use life safety equipment and gear according to the regulatory safety standards.

**CMC Rescue PMP Swivel Pulley**

**Features:**
- Stainless steel sheave allows use with wire cable or rescue rope
- Prusik-minding side plate opens without having to disconnect the pulley from the anchor
- Double-detent button prevents accidental opening of side plate
- Sealed ball bearings provide maximum efficiency

**BN219  CMC PMP Swivel Pulley  $145.95**

**CMC Rescue Enforcer Load Cell Kit**

The CMC Rescue Enforcer is the only load cell certified to NFPA 1983, General Use. This compact device can measure force up to 20 kN, and with two sampling modes, the Enforcer monitors systems and logs drop testing in high resolution. Lightweight (14 oz) aluminum construction and a compact, portable design for in-line use in rigging systems. Swivel attachment points diminish potentially dangerous torsional and off-axis forces. The Enforcer records and downloads graphs of 4-second dynamic events.

**Features:**
- 2 Sampling Modes: Slow Mode for monitoring, Fast Mode for drop testing
- Bluetooth Technology: Indicator lets you know when you’re connected
- Large digital readout for ease of visibility
- Ship. wt. 1 lb.

**BL779  CMC Enforcer Load Cell Kit  $850.95**

**CMC Rescue MPD UL Certified to NFPA 1983 – General Use**

The MPD allows you to go from lowering to raising without changing hardware. The MPD’s high-efficiency pulley, with an integral rope-grab mechanism, allows it to be used as a lowering device on the main line and belay line systems and be quickly changed over to a raising system without switching out or replacing hardware. The combination of essential features into a single device simplifies on-scene rigging, expediting the rescue.

**Features:**
- Variable-friction descent control device for rescue systems and rappels
- High-efficiency pulley with integral rope-locking mechanism (ratchet) for a haul system
- Built-in becket allows cleaner rigging and more efficient pulley systems
- MPD allows main line and belay line rigging to be mirror images of one another
- One device functions as both a lowering brake and ratcheting pulley for raising
- Converts rapidly to a retrieval line for confined space operations
- Meets BCCTR Rescue Belay Competency Criteria
- Red model accommodates 13mm rope

**BL022  CMC MPD Rope Rescue System  $735.95**

**CMC Rescue MPD Rope Rescue Truck Cache™ Kit**

When setting up systems, this well-organized kit provides efficient access to all the rigging hardware needed to set up a main line and belay. The case can be laid on the ground or suspended from the side of a vehicle with integrated gutter hooks, yet when closed, fits easily into a vehicle cabinet or behind the seat.

**Features:**
- Variable-friction descent control device for rescue systems and rappels
- High-efficiency pulley with integral rope-locking mechanism (ratchet) for a haul system
- Built-in becket allows cleaner rigging and more efficient pulley systems
- MPD allows main line and belay line rigging to be mirror images of one another
- One device functions as both a lowering brake and ratcheting pulley for raising
- Converts rapidly to a retrieval line for confined space operations
- Meets BCCTR Rescue Belay Competency Criteria
- Red model accommodates 13mm rope

**KIT INCLUDES:**
- Truck cache
- 2 - MPD 13mm
- 1" web - 40' (2x20')
- 1 - XL Edge pad
- 3 - Single swivel pulley
- 1 - UltraPro 4 edge protector
- 2 - FastLink anchor strap
- 2 - Short prusik loop
- 1 - Double swivel pulley
- 5 - ProSeries manual lock
- 2 - Anchor strap sleeve
- 2 - Short prusik loop
- 1" web - 40' (2x20')
- 1 - XL Edge pad
- 3 - Single swivel pulley

**KIT INCLUDES:**
- 1 - UltraPro 4 edge protector
- 2 - FastLink anchor strap
- 2 - Short prusik loop
- 1 - Double swivel pulley
- 5 - ProSeries manual lock
- 2 - Anchor strap sleeve

**BL023  CMC MPD Rope Rescue Truck Cache™ Kit  $3,179.95**
**F4 DESCENDER ESCAPE DEVICE**

The F4 descender is an innovative escape device that gives firefighters an advanced, yet simple tool for emergency egress. The F4’s sleek, lightweight design is certified with Sterling’s escape ropes. It is engineered to allow for easy horizontal movement. The auto-locking feature adds security and confidence for a hands-free exit of a structure. The F4 can be used by all sizes of firefighters. The low profile shape packs easily in many bags and styles UL certified to NFPA, 1983-2012 Edition for Escape. Ship. wt. 1 lb.

**CMC RESCUE ANCHOR PLATE**

UL CLASSIFIED TO NFPA 1983 - GENERAL USE

A Classic CMC Rescue Innovation. An original design that has withstood the test of time, the CMC Rescue Anchor Plates keep the carabiners holding the different parts of your rescue system from jamming together. The hardware becomes easier to see, making safety checks more accurate. It can also keep you from clipping a carabiner into the wrong loop of the anchor web. For anchor systems, it makes an excellent collection point. These Anchor Plates are used in CMC Rope Rescue classes, which allows students to set up systems faster with fewer mistakes. Hole diameters: small – ¾” (22 cm), large – 2” (51 cm). Ship. wt. 1 lb.

AW214  CMC Anchor Plate  $67.95

**CMC RESCUE 8 DESCENDERS**

UL CLASSIFIED TO NFPA 1983 - GENERAL USE

Machined from ¼” (12.5-mm) plate, the CMC Rescue classic Rescue 8 design has been refined for even better performance with today’s selection of rescue rope. Descenders no longer routinely use 16-mm (⅝”) rope, so the smaller dimensions of the Rescue 8 provide greater control. The proprietary finish on the aluminum model provides outstanding wear resistance, while the nickel-chrome-plated steel model excels in high-wear situations, such as sandy, gritty environments. The extended carabiner hole accommodates multiple carabiners. Ship. wt. 6.6 oz.

AW222  CMC Steel Rescue 8  $114.95
BA079  CMC Aluminum Rescue 8  $73.95

PROSERIES ANCHOR STRAPS

UL CLASSIFIED TO NFPA 1983 - GENERAL USE

Our popular ProSeries Anchor Straps are used by all types of rescue agencies to quickly set strong, secure anchors. Our straps are sewn with all the care and quality we put into our CMC harnesses. The D-Ring allows the use of high-strength web without compromising carabiner strength. One end is larger so the other end can pass through allowing the strap to be rigged in a Girth Hitch. Remember to avoid triaxial loading on any carabiner to maintain system strength. End-to-end configuration: 6,000 lbs.

BG270  5’ Blue Anchor Strap (Medium)  $52.95
AZ580  7’ Blue Anchor Strap (Large)  $54.95
SMC LOCKING RESCUE CARABINERS
SMC Rescue Carabiners are state-of-the-art in steel rescue carabiners. The D shape increases strength necessary for rescue situations. The locking mechanism used on these carabiners locks on the gate, not on the body of the carabiner. This allows you to tighten the knob, load the carabiner and not have to retighten the knob. The large size has a gate opening of 1.12”, adequate to fit over the rail of a stokes litter. The X-Large size has an opening of 1.40” and will fit standard 1.25” diameter ladder rung. The parts of these carabiners are meticulously finished and plated prior to assembly, insuring smooth free gate action. Meets NFPA 1983-2012-General use where listed.

NFPA LADDER AND CARABINER HOOK SCREW AND TWIST LOCKS

Our NFPA and UL certified high tensile steel Ladder Hook with captive pin is designed to fit over ladder rungs, pipes, safety rails, building apparatus or anywhere you may need the huge gate clearance of these exceptional strong ladder hooks. The gate clearance of our zinc plated ladder hook is enhanced by our unique screw-lock gate mechanism, which enables the gate to open beyond the ladder hook spine, providing a massive gate opening, even for a ladder hook of this size!

CMC RESCUE STEEL LOCKING D CARABINERS

UL CLASSIFIED TO NFPA 1983 – GENERAL USE

This proven workhorse of General Use carabiners is available in both Screw-Lock and Auto-Lock gates. On the Screw-Lock models the nut locks against the gate to prevent jamming. Auto-locking carabiners decrease the possibility that the user will forget to lock the gate or that the gate will vibrate unlocked while in use. With the safety of a three-stage auto-locking gate that can be easily opened with one hand, these compact models maximize strength yet allow a gate opening wide enough to fit over most litter rails. Every carabiner is proof loaded.

- High strength
- Lightweight
- Smooth operation
- Rated for inward gate force
- ANSI Z359.12 (09) and NFPA G compliant

**PETZL I’D SELF-BRAKING DESCENDERS**

It’s auto-locking feature combined with a locking position for the handle make the Petzl I’D an excellent descender for working on rope. Additional safety features include an anti-panic function that stops the descent if the handle is pushed too far and an anti-error safety catch that reduces the risk of an accident from the incorrect installation on the rope. Maximum descent distance: 660’ (200m). The small model has a safety clip on the swinging side plate that reduces the risk of dropping the device when removed from the rope, such as when passing intermediate anchors. UL classified to NFPA 1983 EN 341 Class A.

**CMC ASCENDER**

The CMC Ascender utilizes a spring-loaded cam to facilitate progression on life safety rope. Widely used by rescue teams for ascending rope, as an attachment to a litter harness tender line, as a travel restrict rope grab, and other applications where a mechanical ascender provides greater efficiency.

- Compact, lightweight design
- Machined from aircraft-grade aluminum alloy for superior strength
- Removable pin releases cam, facilitates easy installation at any point on rope
- Large connection point in cam accommodates rescue-sized carabiners
- Stainless steel quick-release pin
- Dimensions: 4.5”x3”x1”W
- NFPA Rating:
  - Technical Use: 1/8”- 5/16” (11-13 mm)
  - General Use: 5/16” (12.5 -13 mm)

**TRAVERGE 540° RESCUE BELAYS UL CLASSIFIED TO NFPA - GENERAL USE**

Developed specifically to meet the needs of rescue system belays, the 540° Rescue Belay is a self-locking device that meets demanding drop-test criteria - able to hold falling loads quickly while limiting the peak force. This well-engineered device is easy to rig and the symmetrical design reduces the risk of improper loading. A built-in release lever releases the tension on the belay rope, eliminating the need for a release hitch. Designed for use with kernmantle rescue ropes from 11.5 to 13mm. 3 MBS: 8,093 lbs. Passes the BCCTR Rescue Belay Competence Drop Test Criteria. Ship. wt. 3 lbs.

**CMC RESCUE PROSERIES PULLEYS UL CLASSIFIED TO NFPA 1983 - GENERAL USE**

Basic Building Blocks of Most Rescue Systems. No detail has been overlooked in these high-efficiency pulleys. These compound or complex system workhorses feature precision sealed ball bearings to minimize loss of mechanical advantage. The large carabiner hole supports multiple carabiners, and the smooth, rounded edges on the high-strength aluminum side plates minimize rope fraying. Available with oilite bronze bushing or with sealed ball bearing. Ship. wt. 1 lb.

**KOOTENAY PULLEY**

The large space between the top of the side plates and sheave allow for passage of knots and the large diameter (76 mm) sheave creates excellent efficiency. The locking pins on the sheave allow the pulley to be used as an anchor. For use with ropes from 8-19 mm. Safe working load: 10kN. CE certified EN12278. Ship. wt. 1 lb.

**SMC/RA PULLEYS**

These pulleys were designed for rescue operation by Russ Anderson. The side plates are made of stainless steel. They rotate freely allowing the pulley to be installed on the rope at any point. Pulley models accept 3/4”. Double pulleys have one becket with a 3/4" diameter hole for ease in rigging block and tackle systems. Available with oilite bronze bushing or with sealed ball bearing. Ship. wt. 1 lb.

WATER CASCADE HELMET
The Cascade is a superior quality swift water helmet which provides a high level of protection. Extra foam padding provides an ergonomic fit and makes the Cascade a multiple impact helmet. Includes three crown pads for a custom fit to your head. Patent pending neck-strap system holds the helmet firmly in place. Unique “rain-gutter” front drains water away from your face. Special side slots make wearing sunglasses more comfortable. Guaranteed for life. Ship. wt 1.5 lbs.

WATERLINE RESCUE ROPE
The ⅛" WaterLine Rope features a bright polypropylene sheath for high visibility and nylon DryCore for strength and minimum moisture absorption. The supple nature of these high floatation ropes make for easy stuffing and quicker deployment during rescues. Its ideal for use in throw bags, as swimmer tether lines and “tag lines” NFPA 1983, 2012 edition Throwlines. Berry Amendment Compliant. Made in the USA.

WATER RESCUE THROWLINE BAG SET
An inexpensive alternative to the high-performance throwline bags. The Redi-Line Throwline Bag is ideal for the shore based rescuer arriving first on scene. If your response area has water hazards, there should be a throwline in every patrol car, municipal truck, and fire apparatus. The Redi-Line Bag Set makes preparedness affordable. Available in 50‘ and 75‘ lengths. The pack cloth bags have our quick-release strap and top handle for easy throwing. An Ethafoam disc provides flotation.
**ICE COMMANDER™ RESCUE SUIT**

The Mustang Ice Commander™ is the suit of choice for search and rescue teams, fire departments, and ice rescue professionals. The flotation and insulation performance of a snap in buoyancy liner allows users to immerse themselves for long periods of time in icy cold water and maintain mental and physical capabilities.

- Water-tight hood and face seal
- Integrated gloves and attached boots
- SOLAS™ reflective tape and Velcro® patch for light attachment
- Heavy duty, full-length, water-tight zipper
- Waterproof & durable welded nylon outer shell
- High performance urethane-coated nylon exterior
- Integral self-adjusting safety harness
- Ergonomic ice awl pockets - secured with Velcro® (ice awls not included)
- Reinforced knees padded with 2.5 mm neoprene
- Removable inner buoyancy liner - constructed of closed-cell AirSoft™
- Reinforced seat and elbows

**UNIVERSAL HI-VIZ YELLOW ICE RESCUE SUIT**

Rescue professionals need gear that allows them to respond safely and quickly to emergency situations. The RS-1000 Rescue Suit has been engineered to don quickly for cold water and ice rescue operations. This universal suit features a rugged hi-tenacity nylon shell that is stitched and taped for the ultimate in durability. A snap out, internal laminated nylon/foam liner allows the user to easily slip the suit on and off.

- Shell Material: 400 Denier Nylon Shell
- Construction Method: Seams are stitched and sealed (taped) (not RF welded)
- Harness System: Vertical & horizontal adjustment
- Ice Pick Pockets: Easy access and secure storage of ice picks
- Gloves are supple and felt lined
- Internal suspenders for height adjustment
- Knee and Elbow Patches: Foam padded with rough texture covering for extra grip
- Wear Patches: Reinforced butt, knees and elbows
- Boots: Size 13 for fitting wide range of users
- Adjustment Straps: At thighs and wrist for improved suit control
- Carry Bag: 500D bag is nylon lined for easy discharge of suit (from bag). Includes zippered mesh accessory pocket

**UNIVERSAL SWIFT WATER RESCUE VEST**

Industry leading universal PFD for Swift Water Rescue

- 25 lbs. (111 N) buoyancy
- Drag handle and D ring
- Quick donning with 7 adjustment tabs to create a customized fit for chest sizes from 30’’ - 52’’
- Layered flotation
- MOLLE® webbing on both shoulders & back
- Velcro® panel on back for ID patches
- 2 large self draining pockets provide ample storage options
- Durable harness with 2’’ webbing
- Quick release belt
- 500 denier, Cordura® outer shell
- Over 62 sq. in. of SOLAS™ tape

**SURVIVAL RESCUE STICK**

Throwable Emergency Rescue Inflatable

- Compact and weighs less than 1 lb.
- Can be thrown distances almost 3x that of a typical rope bag or life ring (between 110’-150’)
- Automatically inflates in seconds after contact is made with water, providing rapid emergency flotation
- Offers 35 lbs. of buoyancy - more than the 7 lbs. required to keep a conscious person afloat
- Easy to repack and reuse

STEARNS SAR MESH PFD VEST

The “Mesh” PFD provides added comfort in warm weather conditions. The soft, lightweight mesh provides a high level of ventilation. Soft Aquafoam™ and durable Crosstech® foam provide comfort as well as the flotation. Two large pockets close with hook and loop fastener. Zippered front is backed by three 1½“ belts. USCG Approved Type III. Color: International Orange.

SPECIFY SIZE: S-XXXL

BA086  Stearns SAR Mesh PFD Chest Vest $89.95

RAPID DEPLOYMENT CRAFTS
MADE FOR SEARCH AND RESCUE APPLICATIONS

Longtime leader in the manufacture of inflatable boats; Zodiac has designed this elite line of emergency rescue boats with the user in mind. Made of high quality CSM hypalon/neoprene fabric (1100 dtx) the boats include all of the essential equipment for use in any environment. Zodiac exclusive inter-communicating “I/C” valves give you full control over air flow within the chambers. When using the HPP (high-pressure air floor) the boat can be stored in your fire apparatus and deployed using SCUBA or SCBA inflation making you water ready within a couple of minutes. Maneuverable in swift water or dam conditions; Zodiac is your #1 choice for search and rescue!

FEATURES:
► High-resistance CSM Hypalon/Neoprene fabric (1100 dtx) and essential equipment
► Easy to fold and to carry
► Zodiac exclusive inter-communicating valves (gives you full control over each chamber)
► Fast inflation system works to inflate entire boat (hull and HPP floor) simultaneously; water ready within minutes
► Tube shape and limited freeboard combined offer great stability
► Easy to recover a man overboard
► Highly maneuverable and efficient in shallow or swift waters
► Optimized hull design

INCLUDES:
► Choice of Floor: HPP air floor or aluminum floor
► Boat carry bag
► Foot pump
► Repair kit (including pressure gauge)
► 2 - Telescopic paddles
► Removable bow pouch
► BN125 & BN126: Scuba fast inflation kit for boat
► BN127-BN134: Fast inflation kit for boat and keel

**CMC RESCUE CSR PULLEY KIT**

The patented locking mechanism in our CSR Pulley is easy to release under load, creating much greater efficiency with the lowering and raising necessary to a confined space rescue. The machined aluminum swivels at both ends of the system eliminate any potential twisting of the lines. This system is also an excellent choice for confined space entry or rope access work where a heavy-duty pulley system is desired.

IN-LINE HEATER SYSTEM

Hot - Because it’s designed and built by RAMFAN specifically to work inline with the Turbo Blower to generate warm, clean air for portable tents and confined space. Indirect-fired. No CO!

Hotter - Because it produces 70,000 BTU’s (5,000 more than the others) and it’s available in 2 kit types: For confined spaces - Turbo Blower, the Heater and our Quick-Couple™ Canister with a choice of 15’ or 25’ of duct. For tents: Turbo Blower, the heater, 15’ duct and duct storage bag.

Hottest - In portability, durability and heat-ability because it’s a Total RAMFAN In-Line Heating System that offers fast and easy set-up, outstanding performance and new, value pricing, too.

- 70,000 BTU’s output up to 10 hours of heat from standard (20 lb.) propane tank
- Systems include regulator assembly for propane tank connection
- Heater Weight: 32 lbs.

8” BLOWER/EXHAUSTER

RAMFAN has combined high performance turbo fan design with high strength polymers to create a line of rugged, portable turbo blowers that are ideal for rescue, confined space and hazardous ventilation and deliver the highest airflow in their class. The double-wall, polyethylene casing is lightweight, corrosion and chemical-resistant and handles the bumps and falls of rescue operations. When conditions become dangerous, the tough, conductive housing adds static dissipation to its properties.

QUICK-COUPLE™ REVERSIBLE CANISTER

Detachable in seconds, the Quick-Couple™ Canister with attached duct conveniently reverses from discharge to suction, making use and storage easier while protecting duct from rips and tears. Available with 15ft/4.6m or 25ft/7.6m of duct. Quick-Couple™ Canister is compatible with UB20 Manhole Entry System, high or low pressure misting system.

AS281-AS282:
- High impact polyethylene shell
- Polypropylene turbo fan blade
- Compact design, ultra quiet - 74dB
- IP65 rain tested
- 12V DC model available

BA001-AS284:
- Anti-Static housing
- Lightest Blower in its class
- Tough dual wall construction
- Quick-Couple™ Canister with Anti-Static duct for hazardous locations

This litter is designed for use in mass casualty incidents. These incidents could be airline crashes, terrorist incidents, Haz-Mat or any other incident where large numbers of people must be evacuated. The HMD Sked® is extremely versatile. It can be dragged over virtually any terrain including stairways. It requires less effort from rescuers wearing level A protection. The two inch side release buckles on all straps are easy to handle with the thick gloves on level A or B suits. The straps are polypropylene for resistance to chemicals. They have sewn loops on the ends for quick attachment and removal.

The Sked-Evac™ tripod extends to ten feet high at the three anchors which are available to clip into. Each of the anchors is anodized red for easy identification, and all are equally well centered to handle a load. The anchors, header, and legs are interconnected with 1/2” stainless steel bolts to provide maximum strength. When at full extension, this tripod allows you to bring the patient in a stretcher completely out of the hole. It is rated to handle an NFPA rescue load. Included with the tripod is a chain which passes through the feet to provide greater strength and stability. The legs are adjustable in 5” increments, and Skedco provides safe working load data for each tripod height on each tripod. Brackets are available for mounting most popular winches. Ship. wt. 74 lbs.

RESCUE HAUER 4:1 PULLEY DEVICE

This ingenious device combines a 3’ double pulley with a cam. The rope can move in only one direction when the cam is engaged. It allows you to raise a load by pulling on the tail end of the rope, releasing it, and getting another grip. The cam can be released manually by pulling on the attached cord. The cam is guaranteed for life. There are no hidden parts to this device, facilitating minimal maintenance and easy inspection in the field. The pulley sheaves and body of the Rescue Hauler and matching pulley are anodized. The Rescue Hauler accommodates rope sizes from 3/8” to 1/2”. Maximum recommended load at the cam is 2,300 lbs. Minimum break strength when in use is 12,000 lbs. When used with a separate double pulley, it gives you a 4:1 mechanical advantage.

SKEDCO RESCUE SYSTEM

This litter is designed for use in mass casualty incidents. These incidents could be airline crashes, terrorist incidents, Haz-Mat or any other incident where large numbers of people must be evacuated. The HMD Sked® is extremely versatile. AS442 Sked-Evac™ Tripod Carrying Case $98.95

RESCUE HAUER 4:1 PULLEY DEVICE

This ingenious device combines a 3’ double pulley with a cam. The rope can move in only one direction when the cam is engaged. It allows you to raise a load by pulling on the tail end of the rope, releasing it, and getting another grip. The cam can be released manually by pulling on the attached cord. The cam is guaranteed for life. There are no hidden parts to this device, facilitating minimal maintenance and easy inspection in the field. The pulley sheaves and body of the Rescue Hauler and matching pulley are anodized. The Rescue Hauler accommodates rope sizes from 3/8” to 1/2”. Maximum recommended load at the cam is 2,300 lbs. Minimum break strength when in use is 12,000 lbs. When used with a separate double pulley, it gives you a 4:1 mechanical advantage.

SKED® BASIC RESCUE SYSTEM

The original and still the best solution for confined space, high angle or technical rescue, and traditional land based applications. The Sked® stretcher is a revolutionary design which provides outstanding patient protection and security. The Sked® comes equipped for hoisting by helicopter in horizontal position spaces. When the patient is packaged, the stretcher becomes rigid. The durable plastic provides protection for the patient while allowing extrication through the most demanding confined spaces. The stretcher is rolled for storage in a tough Cordura® backpack which is included with the system. The system ships at 19 lbs. and comes complete for most applications. Available in International Orange. Ship. wt. 19 lbs.

SKEDCO RESCUE SYSTEM

This litter is designed for use in mass casualty incidents. These incidents could be airline crashes, terrorist incidents, Haz-Mat or any other incident where large numbers of people must be evacuated. The HMD Sked® is extremely versatile. It can be dragged over virtually any terrain including stairways. It requires less effort from rescuers wearing level A protection. The two inch side release buckles on all straps are easy to handle with the thick gloves on level A or B suits. The straps are polypropylene for resistance to chemicals. They have sewn loops on the ends for quick attachment and removal.

The Sked-Evac™ tripod extends to ten feet high at the three anchors which are available to clip into. Each of the anchors is anodized red for easy identification, and all are equally well centered to handle a load. The anchors, header, and legs are interconnected with 1/2” stainless steel bolts to provide maximum strength. When at full extension, this tripod allows you to bring the patient in a stretcher completely out of the hole. It is rated to handle an NFPA rescue load. Included with the tripod is a chain which passes through the feet to provide greater strength and stability. The legs are adjustable in 5” increments, and Skedco provides safe working load data for each tripod height on each tripod. Brackets are available for mounting most popular winches. Ship. wt. 74 lbs.
**RESCUE KIT 1 WITH POWER TALK BOX**

The CON-SPACE Rescue Kit 1 with Power Talk Box is configured for a team of five rescuers consisting of two primary rescuers, two standby rescuers and a hole watch/team leader, for entries of 100' (maximum distance 1500'). They system can be configured for up to fourteen people using available modules and accessories. The command module is battery-powered, compact and lightweight making it completely portable. Three 1.5v alkaline “C” cells provide 400 hr. life on standby and all electronics are fuse protected. A low battery LED indicator gives 12 hr. warning battery replacement. System and accessories are waterproof. Molded fiberglass enclosures, knobs, and cables are impervious to a wide range of chemicals.

**INCLUDES:**
- CSI-2100 command module
- CSI-2131 power talk box
- Cable splitter - Double w/mic mute switch
- Operator headset single-side, 32”
- 4 - Rescue facemask com set with universal speaker
- 4 - Speaker harnesses
- 1’ operator cable w/mic mute switch
- 20’ operator cable w/mic mute switch
- 50’ cable with connectors
- 4 - 100’ cable with connectors with strain relief/snap hook
- Cable coiler
- Cable bag for 100’-300’ of cable
- 2000 carrying case

**Victim Locator Kit**

The Victim Locator Kit is lightweight, portable, battery-powered and can be operated by a single rescuer. Multiple kits can be deployed simultaneously on the same site without interfering with each other. Completely stand alone system that gives a single rescuer the ability to search a collapse. On location of a victim, 2-way voice communication is established immediately. Attaching a metal or PVC pipe to the back of the probe allows rescuers to push it deeply into a collapse through holes and cracks.

**INCLUDES:**
- CSI-1100 mini module
- Rescue probe
- Probe behind-head headset-double w/mute
- 25’ probe interface cable
- 50’ probe cord/snap hook
- Carrying case

**FIRECRAFT® TRACER™ NON-CONTACT AC VOLTAGE DETECTOR**

- Detects AC voltage at a safe distance
- Pinpoints direction of downed lines
- Detects power in unused outlets
- Fits in pocket for hands-free use
- Audio and visual signals
- Storage case and DieHard® battery included
- Made in the U.S.A.
- Patent Pending

**HOTSTICK VOLTAGE DETECTOR**

HIGH SENSITIVITY DETECTOR FOR EMERGENCY RESPONDERS

The HotStick provides warning of exposed high voltage AC from a safe distance without the need to contact the surface carrying the current. It gives early audible (“beeping”) and visual (flashing LED) warnings, and beeps and flashes more rapidly the closer it comes to the voltage. Comes with a built-in self test so there is no doubt about it functioning properly.

- CONFIRM power shutdown, lockout, tag out, disconnects
- FIND hidden sources of dangerous AC from a safe distance
- DETECT power line back feeds from motor generators and energized pools of water
- ENSURE a safe environment for your vehicular rescue
- PROTECT the life of your first responders
- CHECK IT trust is good – checking is better
