TOOLOK AND TOOLOK HD
- Fast, easy locking and instant release
- Grip range ⅛" to 1¼"
- NFPA 1901 Compliant 9G impact
- Tested and certified NFPA 1901 compliant

TOOLOK HD
- Wider mounting base for increased stability
- Stronger, more durable base
- Thicker walled locking strap
- Lifetime warranty

BN470  Toolok HD  $28.95

JUMBO LOK
- 3 pivot positions
- Adjustable mounting bracket with grip range of .375" to 3.250"
- 3" square Hurst rams and 3" D Holmatro rams
- Mounts folding ladders, electric drills, heavy-duty jacks, nozzles, chains and more
- NFPA 1901 Compliant 9G impact
- Dual poles
- Playpipes
- Ship. wt. 1 lb.

BC018  Jumbo Lok  $64.95

STOW-N-LOC
IDEAL FOR EXTERIOR MOUNTING
- Grip range 1" to 1¼" diameter
- Adjustable, high-strength, fast-action locking strap
- 2 Heights: Tall: For long hooks
- Short: For close mounting
- NFPA 1901 Compliant 9G impact
- Dual poles
- Playpipes
- Ship. wt. 1 lb.

BL263  Stow-N-Loc Tall  $43.95
BL264  Stow-N-Loc Short  $43.95

HANDLELOC STRETCHLOK SYSTEM
- Innovative, adjustable mounting bracket
- Secure mounting for tools, axe handles, poles and equipment up to 1¼" in diameter
- Quick release for easy retrieval
- Made of elastomer
- NFPA 1901 Compliant 9G impact
- Ship. wt. 1 lb

AF659  Handleloc Stretchlok System  $33.95
**FLEXMOUNT BRACKETS**
Flexible Y-shaped mounting brackets designed to provide a secure grip-type mount that wraps around poles, nozzles, tools and other items with a grip range from 1½” to 2½”. Made from a unique state-of-the-art elastomer that is exceptionally tough, non-sparking and resistant to impact. There’s no springs to corrode or break. Hardware/fasteners included. *Ship. wt. 1 lb.*

**FAST LOK KIT**
SECURING LARGER & HEAVIER ITEMS HAS NEVER BEEN EASIER

**FEATURES:**
- Easily and quickly secure equipment even with gloved hands
- Track base provides fast setup and adjustment
- No metal to metal contact
- UV resistant
- Fast locking lever
- Adjustable strap length and width supports
- NFPA 1901 Compliant

**SECURES:**
- Fire extinguishers
- Air cylinders
- Hydraulic pumps
- Rescue tools
- Chain saws
- Oxygen cylinders
- Much more

HORIZONTAL MOUNTING POSTS
Want to eliminate the headache of stacking 1 1/2"-2 1/2" couplings, adapters and accessories? These remarkably simple and unique Horizontal Mounting Posts for double male or female configurations are designed to save cabinet storage space and improve overall truck neatness and efficiency. With no stacking, you can instantly spot the size adapter or coupling you need. Special stainless steel spring clip provides secure holding yet quick-action release. Durable construction materials will not corrode, swell or crack. Single screw mounting takes only minutes.

D-SIZE OXYGEN CYLINDER BRACKET

The Oxygen Cylinder Bracket has two 4" clips to securely hold a D-size oxygen cylinder. Durable green powder coated steel clips, backplate and footplate. Multiple sets of countersunk holes allow the bracket assembly to flush mount to any surface and gives multiple positioning for the clips and the footplate. A Velcro® safety strap is attached to each bracket.

BL511 D-Size Oxygen Cylinder Bracket $78.95

UNIVERSAL SAW BRACKET

This unique Universal Saw Bracket is able to mount chain saws, rotary saws, electric and all others. Made from 1/8" powder coated aluminum, it offers multiple anchor points to attach the heavy duty Velcro® strap. An absorbent, replaceable felt pad is supplied and held in place by the mounting bolts.

BL10 Universal Saw Bracket $141.95

WALL MOUNT CAN HOLDERS

Wall mount can holders lower the risk of rolling, falling, leaking, denting, and puncturing during transport. Keeps cans organized and easy to locate in a hurry. Mount it to a compartment wall and save space on the shelf below.

- BL674 and BL754: Fits 32 oz. cans up to 3 3/8" diameter
- BL713: Fits 12 oz. cans up to 2 1/4" diameter
- BL755: Fits 1 gallon cans (7" x 4 1/4"

WALL MOUNT CAN HOLDERS

BL674 Premixed Can Holder $52.95
BL713 Spray Can Holder $52.95
BL754 Double Premix Holder $86.95
BL755 Gallon Premix Holder $52.95

SLEDGE HAMMER BRACKET

Designed for use with 2 to 16 lb. Double Face Sledges and 1 to 3 lb. Dead Blow Hammers. Bracket is 2 3/4" H x 3" D - expandable from 5 1/4" to 8 3/4" W to fit various-sized tools. Made of stainless steel for years of lasting service. **Ship. wt. 3 lbs.**

AS325 Sledge Hammer Bracket $90.95

AXE HOLDER BRACKET

Designed for use with 6-pound flat or pick head axe. Bracket is 5" H x 2 1/4" D. Expands from 7 1/4" to 8 1/4" W to fit most axeheads. 2 1/4" H x 1 1/4" W slot in end for pick to protrude. Axe blade protected by a replaceable plastic sleeve. Pinned handle holder accepts up to 2 1/4" W handle. Stainless steel for trouble-free service. **Ship. wt. 4 lbs.**

AS331 Axe Holder Bracket $167.95
AS332 Axe Wall Mounting Bracket $135.95
### ROUND GAS CAN MOUNT

Round gas can mount was designed for safety cans with 9" and 13" diameter bases. The safety can is held in place by a 1" nylon safety strap with a quick-release buckle. **Ship. wt. 7 lbs.**

**Auto Charge 2000**

Auto Charge 2000 is a high-output, dual battery charger that independently charges two batteries. It includes the Auto Charge 2000 automatic battery charger and Auto Eject (20 amp) automatic power line disconnect, providing a complete vehicle charging system that saves you money. Unique electronic sensing circuits sense the true battery voltage while eliminating the need for external sense wires. There is no overcharging and no water boil off. What's more, a built-in battery saver handles the problem of battery loading from rechargeable hand lights, portable radios and other loads. Comes complete with charging indicator panel. 3-year warranty. 120v input. Ship. wt. 17 lbs.

**USB Dual Port**

- Dual USB charging ports
- Quick and easy way to recharge electronic devices in a vehicle
- 3 Amps max output allows simultaneous charging of two USB devices
- Built-in LED indicator indicates device is powered
- Designed for easy installation in vehicle switch panels
- Reverse polarity protected
- Can be connected to 12V switched ignition or directly to battery
- Cut-Out-Size: 1.45”x0.83”
- 3-year warranty
- Ship. wt. 1 lb.

**Auto Charge 11**

Auto Charge 11 is a fully automatic battery charger for vehicles with dual battery systems. The unit contains two completely independent chargers to sense and control the current to the batteries. Thus parasitic loads on one battery have no effect on the second battery. Total output current is limited to protect the charger but may be supplied to either battery if the adjacent battery does not require it. Normally the current output is proportioned between batteries as required. Comes complete with charging indicator panel. 3-year warranty. 120v input. Ship. wt. 12 lbs.

**Pump Plus**

The Pump Plus is a small air compressor and a completely automatic battery charger packaged together. The air compressor is designed to be mounted on vehicles with air brakes to maintain the air pressure in the air brake system while the vehicle is not in use. A pressure switch senses the system pressure and operates the compressor whenever the pressure drops below a predetermined level. Battery charger is completely automatic and is for vehicles with dual battery systems. The batteries are automatically charged and maintain full charge while still being isolated from each other. This unit contains two independent chargers to sense and control the current to the batteries. Designed to mount directly on the vehicle. 12v compressor has 1-yr. warranty; Battery Charger comes with 3-yr. warranty. Ship. wt. 20 lbs.

---

**Specifications**

- **Auto Charge 2000 Kit**
  - Complete charging system at an affordable price
  - 120v input, 15 amp output
  - 3-year warranty

**SUPER AUTO EJECT & AUTO EJECT**

Super Auto Eject is a completely sealed automatic power line disconnect. This prevents contamination of the mechanism by road dirt and insures long, reliable life. Comes with a weatherproof cover that is spring loaded to close, preventing water from entering. A solenoid wired to the vehicle’s starter is energized when the engine is started. This instantaneously drives the plug from the receptacle. This simple, reliable device eliminates the broken cables which result when drivers forget to remove the shore line when driving away. The Auto Eject comes without sealed housing. All units come with 120v AC connector. Both models are weatherproof.  
*Ship. wt. 2 lbs.*

---

**INVIEW 360 CAMERA**

The inView 360™ provides the apparatus driver with split screen view. The bird’s-eye view is always visible providing a 360˚ view around the vehicle. This unique view allows the operator to see pedestrians and obstacles in close proximity to the apparatus or vehicle. The second view on the display switches between front/left/right/rear views depending on the operational conditions. The system is networked between the turn signals, and vehicle reverse so the screen automatically switches to left, right, and rear viewing when turning or backing up. An in-cab toggle switch allows the operator to override the default camera view for complete control over the system.

- Front camera
- Rear camera
- 2 side cameras
- Controller
- Cable kit
- Toggle switch
- Monitor is available as an option

---

**BACK-UP CAMERA SYSTEMS**

Proven in the industry, 5” or 7” HD digital LCD system with ultra-clear image in a durable housing. 3 A/V inputs with audio, IP 69 waterproof camera with night vision (white infrared), 65˚ camera cable, remote bracket. Verity Rear Vision Systems will include a slim base heavy-duty mount free of charge to make installing a breeze.

---

**PACKAGE INCLUDES:**

- BN144 Back-Up Camera System with 5” Diagonal Monitor $475.95
- BN145 Back-Up Camera System with 7” Diagonal Monitor $515.95

*1.800.323.0244 | EDARLEY.COM/APPARATUSEQUIP*
TANKVISION PRO 300

The TankVision Pro is the fire industry’s first multi-color tank level display. It uses a pressure sensor to sense the amount of liquid in the tank and can be calibrated to accurately display the volume in tanks of all shapes and sizes. Ship. wt. 3 lbs.

WATER LEVEL MONITOR

Easy-to-read indicator. Water Level Monitor uses four red lights to show water level in sequence as water drains away. Complete unit includes control box, bezel plate, and stainless steel sensor. Ship. wt. 1 lb.

R157 SPECIFY: 12 or 24-Volt, and Tank Dimensions

R157 Water Level Monitor - Negative Ground $189.95
AB016 Service Kit for Water Level Monitor $19.95

QUINT WATER LEVEL MONITOR

Five-light readout that uses green, amber and red lenses with red flashing refill light. Complete unit consists of readout, bezel plate and stainless steel sensor. Additional readout available without sensor. Ship. wt. 5 lbs.

X940 SPECIFY: 12 or 24-volt, and Tank Dimensions

X940 Quint Water Level Monitor - Negative Ground $233.95
X942 Additional Readout $129.95
AB017 Service Kit for Quint Level Monitor $24.95

LIQUID-FILLED GAUGES

ELIMINATES NEEDLE PULSATION FOR ACCURATE AND EASY READINGS

Crystal-clear Interlube keeps needle fluctuation to a minimum. The SUBZ II freeze-proof isolator keeps gauge working down to -40°F. It’s also weather tight so there is no condensation; stops corrosion. Lubricates internal parts, stops wear, maintains accuracy under temperature fluctuations. Zytel (nylon) case with bright stainless steel trim ring has plexiglass lens. 6” gauge has cast aluminum case. Gauges measure 0-600 psi and up to 30” vacuum. Ship. wt. 5 lbs.

BLACK AND WHITE FACE GAUGES

WITHOUT LOGO ARE AVAILABLE

T179 2 1/2" Liquid-Filled Compound Gauge $45.95
AK075 2 1/2" Liquid-Filled Compound Gauge with Bottom Connection $43.95
T180 3 1/2" Liquid-Filled Compound Gauge $71.95
AK076 3 1/2" Liquid-Filled Compound Gauge with Bottom Connection $71.95
T181 4 1/2" Liquid-Filled Compound Gauge $96.95
U966 Similar to T181 but with 1000 psi $96.95
U967 6" Liquid-Filled Compound Gauge $540.95

HEAVY DUTY SWING-OUT™ VALVES

Designed for the harsh realities of today’s fire service when water contaminants challenge a valve’s sealing capabilities. Swing-Out™ design for quicker and easier servicing. No need to remove valves from plumbing when servicing. Operating pressures to 250 psi (17 bar).

90° handle travel
Stainless steel ball with Hydromax provides longer valve life and improved sealing abilities
Simple two seated design

Valve repair kits are convenient, economical and easy-to-use. Each kit contains the most frequently replaced parts to help cut down on maintenance time and costs. Kits come sealed to ensure a clean and adequate supply of parts for each job. Kits now are with new Fusion CF™ Composite ball. Ship. wt. 1 lb.

* Valve and nozzle repair kits are available for most Akron, Elkhart and more. Call for details.

Kits for Akron 7800 & 7600 Swing-Out™ Series Valves w/Tork-Lok
AK103 1” Valve Repair Kit $70.95
AK104 1½” Valve Repair Kit $83.95
AK105 2” Valve Repair Kit $113.95
AK106 2½” Valve Repair Kit $104.95
AK107 3” & 3½” Valve Repair Kit $179.95

Kits for Darley Standard and Full-Flow Valves (excludes ball)
G239A1 2½” Valve Repair Kit for Standard Valves $50.95
G240A1 2½” Valve Repair Kit for Full Flow Valves $100.95

BUTTERFLY VALVES

Rotating the handle to open disc 1/4 turn allows an almost unrestricted water flow
The 10 position lever handle with positive detents allows the valve to be opened or closed incrementally for a controlled water flow
Comes standard with a bleeder valve
Available with 4”, 4½”, 5” or 6” male or female hose
Ship. wt. 45 lbs.

Install your own dump valve. Simply screw in the male NPT threaded flange that comes with the package. To this you bolt the valve itself and another NPT threaded flange (gaskets included). It's quick-opening, full-flow, compact, bubble-tight, is easily maintained and mounts in any position. The valve body is rust-proof epoxy coated aluminum. Allow 4-6 weeks for delivery. Ship wt. 19 lbs.

DARLEY HEAT EXCHANGER
Can be installed in the engine cooling system of any pumper. Instead of going directly into the engine cooling system, mixing with the anti-freeze solution, diluting it and then going out through the radiator overflow pipe, the flow of cool water from the pump bypasses through the condenser coils in the Heat Exchanger. The liquid in the cooling system circulates around the condenser coils and is completely cooled. Prevents loss of anti-freeze solution. Measures 24" long. *Ship. wt. 10 lbs.*

MAGNESIUM ANODE POLE
ATTRACTIONS RUST & CORROSION
Sacrificial catalytic action of these magnesium anodes can help to prevent rust or corrosion from attacking your booster tank. Threaded mounting plate suspends the \( \frac{3}{4} \times 32 \) solid anode in the tank water. Bar is easily cut to fit tanks less than 32" deep. Comes with flange and gasket. *Ship. wt. 3 lbs.*

DARLEY HEAT EXCHANGER
Can be installed in the engine cooling system of any pumper. Instead of going directly into the engine cooling system, mixing with the anti-freeze solution, diluting it and then going out through the radiator overflow pipe, the flow of cool water from the pump bypasses through the condenser coils in the Heat Exchanger. The liquid in the cooling system circulates around the condenser coils and is completely cooled. Prevents loss of anti-freeze solution. Measures 24" long. *Ship. wt. 10 lbs.*

*“E” dimension is the same for both electric & manual models. Add 40 lbs. to weights shown for electric models.

ROLLER AND SPOOL ASSEMBLY
Speed your hose handling and reduce wear on hose. Buffed stainless steel rollers. Assembly includes roller, 2 blocks, 2 spools, bearings and all fastenings. Length of roller should be the same as the reel drum length. (Larger sizes are available for an extra charge). Ship. wt. 13 lbs.

SPECIFY LENGTH: Up to 38”

R698 Roller and Spool Assembly $149.95

SWIVEL JOINTS
Pressure balanced design for low rotation torque. Hardened carbon steel barrel for strength and long wear. NPT threads. Ship. wt. 3 lbs.

AF774 1/2" Swivel Joint $239.95
T961 1" Swivel Joint $101.95
T963 1" Seal Kit for T961 $39.95

DROP-IN STYLE BOOSTER REEL
These reels are an excellent choice for drop-in units or smaller apparatus compartments where space is a premium. They’re built to the same design standards as our larger reels, just lighter in weight and more compact. Available in either electric or crank rewind. Reels will hold up to 100' of 1" or 200' of ¾" booster hose. Dimensions: (E) Crank/16.5”, (E) Elec/19”, (F) Crank/46.62”, (F) Elec/39.75”, (G) 18.12”.

AJ513 Drop-In Style Booster Reel/Electric $774.95
AJ514 Drop-In Style Booster Reel/Crank $389.95
**BRACKETS, TUBING & GRAB RAILS**

The **F615** Surface Mount End Bracket bolts to any horizontal or vertical flat surface. The **F617** Center Mount Bracket is used in the center of long railings for support. The **AB044** Slip-Resistant Grab Rail is extruded aluminum tubing with black rubber inserts. **Ship. wt. 1 lb.**

**DEDECORATIVE CHROME-PLATED FIRE BELL**

Beautiful, large 12” Fire Bell, cast in bronze with polished chrome finish. Comes with stand and clapper. Available with your choice of decorative ornamental top eagle or acorn nut. **Ship. wt. 40 lbs.**

**QUIC-CHOC® FOLDING WHEEL CHOCK**

This new folding aluminum wheel chock requires only a 6”H x 10½”W x 20 3/8”D area for storage. Can be stored under fire or rescue vehicles. The collapsible design allows the chock to lock in the open position simply by pulling out the back casting and pushing down. Just release the safety latch to close back into the folding position. Convenient carrying handle makes transport and placement of chock a snap. Made of high-tensile strength aluminum with rear opening, hand grip and a double row of rugged teeth to grip almost any surface. Meets applicable NFPA standards.

**OVERSIZED FOLDING STEPS**

Easily installed on apparatus wherever a convenient assist step is needed. Folds up flush against mounting surface. Made of high-strength die cast, zinc/aluminum alloy with corrugated safety step to prevent slipping. **Ship. wt. 1 lb.**

**EMERGENCY STUTTER TONE AIRHORN**

Emergency vehicles can travel with more safety when equipped with emergency airhorns emitting directional, machine gun series of blasts. Operates on pressure up to 125 lbs. controlled by an electric valve. Connects directly to air brake junction box. Chrome plated; measures 24½" with 6" flare. **Ship. wt. 7 lbs.**

**FOLDING STEP**

- High quality CASS 24 chrome plate finish
- Dual LED light integration with full seal housing
- Ball-bearing rotation with no metal to metal contact
- Integral grab handle
- Largest platform on the market (8.7”x6.7”)
- Reflective tape with color options
- Cast recess for circular logo options on platform
- Bolt pattern retrofittable
- NFPA Compliant tread pattern for the most weatherable conditions

**CONVERT YOUR WHEEL CHOCK FOR WILDLAND FIRE FIGHTING**

- Can be used with tires up to 44” in diameter in the open position

**FIREMAN’S FRIEND DRYING CLOTH**
This large 17”x27” drying cloth soaks up large volumes of water and other liquids quickly. The soft, absorbent material will not scratch or leave lint. It dries quicker and easier than chamois or any other towel you can find. Ship. wt. 1 lb.

**EMERGENCY VEHICLE REFLECTIVE STRIPING**
For improved visibility and a more professional look to all your emergency vehicles. Reflective striping with pressure-sensitive adhesive backing. Comes in 150’ rolls so you can cut to size depending on the area of coverage. Easy-to-install. Comes standard in white. Ship. wt. 5 lbs.

**TRUCK MADE™ STORAGE SOLUTIONS**
“ORGANIZING AMERICA’S FIRE TRUCKS”
- Won’t rust, crack or dent
- Mounts directly into compartments with the U308 equipment glides
- FDA-approved non-porous material
- Lightweight and stackable
- Perfect for any hazardous or bio-terrorist compliance issue
- Custom sizes and engravable front plates are available. Call for details.

**SUNSTRIP ULTRABRIGHT LED LIGHT**
ULTRABRIGHT WHITE LED LIGHT FOR COMPARTMENTS, PANELS, UNDER BODY APPLICATIONS, WALKWAYS & STAIRWELLS

- More than 300 lumens of LED light per 18” length
- LEDs housed in a strong ¼” diameter lexan tube
- Designed tough to withstand any vehicle vibration
- Waterproof and submersible
- Great for all applications and easy to install
- Long operating hours – rated at 50,000 hours
- 5-year LED lighting warranty

---

**TURTLE TILE™ COMPARTMENT MATTING**

- Heavy-duty
- Fast and easy-to-install
- Open grid profile for instant drainage
- Made in USA from recycled plastic
- ⅝” profile
- Modular and interlocking
- Resistant to most hydraulic fluids
- Mount brackets directly to tiles
- Dimensions: 12”x12”x⅜”

LITTLE GIANT DEFENDER™ LADDER

The Little Giant Defender™ was specifically engineered for firefighters who need speed and strength in a rapid-response portable ladder system.

- Reflective, heat sensitive labels
- Easy-to-use Rock Lock® adjuster
- Built-in dual Ratchet™ levers. Adjust up to 8.5" on each side over uneven ground
- Tip & Glide™ wheels
- Wide-flared extension ladder for improved side-tip stability
- Adapts to almost any situation, offering a safe, stable climbing solution
- Capable of dozens of configurations, including A-frame, staircase, extension, and 90°
- Exceeds all OSHA & ANSI standards. Certified to NFPA requirements 1931/1932
- Rated to 300 lbs.
- Built-in dual Ratchet Levelers™ adjust up to 8.5" on each side over uneven ground
- Counts as ISO footage on apparatus

LITTLE GIANT OVERHAUL LADDER

Little Giant Ladder Overhaul Ladder extends to 17', but it is small enough to carry into an elevator, up a flight of stairs, or around tight corners. The ladder is just 4'7" tall when retracted. Articulating ladder systems that meet the requirements of NFPA 1901-2009.

- Safety Insight™ photo-luminescent glowing rungs
- Patented Rock Lock™ adjusters
- Wide-stance leg levelers adjust over uneven ground
- Tip & Glide™ wheels
- 90° position for extraction rescue
- Access uneven surfaces, staircases, and hard-to-reach places
- Ratchet Levelers™
- Roof and rafter hooks
- Dual-position spike feet
- Counts as ISO footage on apparatus

FOCUS LAMPHEAD
VERSATILE LOW PROFILE LAMPHEAD. COMPACT. DURABLE.

DON'T WASTE PRECIOUS LIGHT
The high intensity FOCUS lamphead does not waste precious light. It is designed to focus 100% of the light produced into the area where it is needed. The FOCUS is built tough and has a compact design that allows it to be mounted in places that traditional lighting fixtures do not fit.

BREAKTHROUGH IN SCENE LIGHTING
The FOCUS lamphead was designed to light up the emergency scene evenly, putting 100% of the light on the scene. A high percentage of the light produced by a conventional light fixture is wasted away from the emergency scene and gets dim at a distance. The FOCUS lamphead uses a uniquely designed patented reflector to eliminate wasted light. The curved reflector has over 50 parabolic surfaces that redirect all of the light produced and focus it evenly into the action areas. This allows the FOCUS to put all of the light onto the scene, providing more light close to the vehicle as well as being brighter at a distance.

AM262: Top mount, top raise pole with FOCUS lamphead
AM263: Side mount, bottom raise pole with FOCUS lamphead
AM266: FOCUS lamphead only

SPECTRA LED LAMPHEAD SERIES
THE BRIGHTEST LED SCENE LIGHTS AVAILABLE.

The SPECTRA LED lamphead outputs an impressive 20,000 lumens of super bright white light. The advanced lens and unique arrangement of LEDs generates a uniform flood and spot combination light pattern. This light pattern provides enhanced work area visibility as well as illuminates objects at a farther distance. The NEW SPECTRA MAX outputs an unmatched 28,000 lumens of ultrabright light making it the brightest LED scene light available. All SPECTRA series lampheads can be used with any FRC telescopic poles, tripods, non-telescopic mounts, and brow mounts.

- Available as 20,000 lumens SPECTRA or 28,000 lumens SPECTRA MAX
- Unique arrangement of LEDs provides more light in a compact lamphead
- Models available in 120/240 VAC or 12/24 VDC
- Whiter light, closer to natural sunlight
- Uniform high quality white light with the widest light pattern
- Long operating hours, rated at 50,000 hours
- Instant-on at full intensity
- 5-year LED lighting warranty
HAAS ALERT
RESPONDER-TO VEHICLE, DIGITAL SAFETY ALERTS

Turns any emergency light bar or brow light into a digital alerting system. When the E-Master or emergency lights are “ON,” apparatus automatically transmits real-time digital safety alerts to motorists. When emergency crews are en route to a call and on-scene, oncoming drivers receive advanced notifications inside their vehicles in a way they can’t miss and have more time to make safe maneuvers. Multiple products available starting as low as $199/year for service. Easy installation means no down-time for vehicles to enable service.

HA-3 TRANSPONDER FEATURES:
- HAAS Alert system runs passively, requires no effort from emergency personnel
- iOS/Apple, Android mobile device or tablet with data plan (not included) is required onboard emergency services vehicle or apparatus
- HAAS Alert partner app available from iOS/Apple and Google Play app stores
- Transponder compatible with electrical straight-wire and Multiplex vehicle configurations

HA-4 CELLULAR TRANSPONDER FEATURES:
- HAAS Alert system runs passively, requires no effort from emergency personnel
- Transponder compatible with electrical straight-wire and Multiplex vehicle configurations
- Cellular data plan included

QUADRAFLARE™ 6”X4” PERIMETER LIGHT
- Advanced SOLARIS® Technology in a 6”x4” package
- 5-year warranty on LED components
- Available with built-in flasher featuring 16 selectable patterns
- Meets NFPA and GSA K-spec compliant upper and lower level requirements

SHADOW-RT
The Shadow-RT is designed to provide light quickly over any situation, and made to fit a variety of vehicles that would benefit from quick, quality lighting such as fire engines, chief’s vehicles, trailers, and police vans. The Shadow-RT has been designed to be highly-adaptable, with two arm lengths and the ability to customize number and wattage of lamp heads and to rotate 355˚.

- Full deployment in under 15 seconds
- All-weather (not affected by ice buildup, high winds, blowing dust)
- Ability to overhang edge of vehicle
- Umbilical remote controller with 15’ cord
- All-electric (no air or hydraulics required)
- Shadow-RT rotates 355˚
- Maintenance-free
- 5-year warranty
- NFPA 1901 Compliant

QUADRAFLARE™ 9”X7” LED PERIMETER WARNING LIGHT
- NFPA 1901 and GSA KKK-E compliant models
- Outstanding off-axis warning
- 26 built-in flash patterns, including “Quad-X” and “Steady”
- Flash patterns are push-button programmable
- Independent side control on split LED models
- Clear or color lens options
- 5-year warranty on LED components

THE REVEL SCOUT SCENE LIGHT

Revel Scout Scene Light is designed to increase the safety of both firefighters and emergency responders. With versatile mounting options; set, hang, strap, spike and a removable, rechargeable battery, the Revel Scout revolutionizes the operational ease of fire scene lighting. The Revel Scout combines a spot and flood light pattern of 14,000 lumens in a 12 lb. package, and the LED tactical scene light can be used to evenly light exterior scenes and interior spaces.

- Fast, flexible deployment
- Light where you need it
- Integrated strap included to secure to horizontal object, ladder rung, etc.
- On/off toggle switch to turn light on and off and adjust to 4 light levels
- Corrosion-free construction
- Zero deployment time
- Battery Type: 28v LI-ION, Weight: 3 lbs. charge time: 1 hr
- Warranty: Light Assembly: 6 years, battery and charger: 1 year

**LIGHT PERFORMANCE**
- Four Light Levels: High, medium, low, spot
- Light Output: 14,000, 8,000, 2,000, 6,000 lumens
- Average Run Time: high - 1.2 hrs, medium - 3 hrs, low - 7 hrs, spot - 3.5 hrs

**PORTABLE HAND LIGHT**

A powerful 500w (120v) light head features a highly-polished specular hammertone reflector which almost doubles its light output. Sturdy aluminum housing with high-temperature carrying handle and tilt control knob. Heavy-duty ground tripod base with rubber footings. Optional mounting bracket allows you to mount it in any position. Meets NFPA; UL Listed. Ship. wt. 3 lbs.

HONDA 4000 W ECONOMY SERIES GENERATOR

RUGGED AND RELIABLE, THE ECONOMY SERIES GENERATORS ARE EASY TO TAKE ANYWHERE. JUST LOAD ‘EM UP AND GO.

- 4000 watts maximum of rugged economical, portable power
- Honda GX commercial grade engine
- Oil alert
- Digital Automatic Voltage Regulator (DAVR)
- AC circuit breaker/protectors and 120/240V operation
- Recoil start
- Runs 15 hrs. on ½ load
- Delivers the best of both worlds: reliability and cost savings
- Dimensions: 26.8”x22.8”x22.5”
- Weight: 155 lbs.
- 3-year warranty

**HONDA GENERATORS**

HONDA GENERATORS

- Heavy-duty construction
- Powder coated
- Live slip ring design
- Adjustable tension nut
- 6’ direct wire pigtail (10/3 Black)
- Meets NFPA requirements
**FEDERAL SIGNAL 100 WATT SPEAKER**
The 100 watt speaker uses advanced housing material and field replaceable neodymium drivers to provide effective, high-quality sound at an affordable price. The speaker only weighs 6 lbs. and measures 7.7" Wx5.7" Hx4.7" D. The speaker is easily rotated allowing for either vertical, or horizontal mount orientation, and the P.E.T. (polyethylene terephthalate) housing material is exceptionally strong, while resistant to heat, moisture and will not corrode as most metallic materials do. *Ship wt. 6 lbs.*

**PA 300 ELECTRONIC SIREN**
**PLUG IN PC BOARD - INCLUDES AIRHORN SOUND**
The W691 provides all basic siren tones; TAP II, PA, radio rebroadcast, as well as a built-in airhorn sound with siren override. It is protected against all failure modes by a fuse that is replaceable without tools and can operate from any 12-volt positive or negative ground vehicle electrical system. Taps are included for 100 or 200-watt speakers. Comes complete with a swinging bracket which enables mounting in a variety of positions. *Ship wt. 6 lbs.*

**TRUCK MOUNT SPEAKER**
Rectangular speaker is perfect for truck mounting. Made to take the heavy and extended use of today’s vehicle applications. Has black baked enamel finish on the driver and rectangular bell is black plastic. *Ship wt. 10 lbs.*

**FEDERAL SIGNAL 1000 ELECTRONIC SIREN**
**FEDERAL Q ELECTROMECHANICAL SIREN**
**BEAUTIFUL, STREAMLINED, CHROME PLATED, COMMANDS RESPECT**
This siren includes grille, brake, and chrome finish. It is designed to be pedestal mounted but is also offered less the rear housing for flush mounting. Heavy-duty coaster clutch is subject to very little wear. The unique clutch design delivers a longer coast-down sound once power is removed, thereby reducing battery drain. For quick silencing, an electric brake is also a standard feature. 12-volt, operating current 100 amps. The AC895 model comes complete with stainless steel finish, grille, brake, pedestal and rear housing. Model AC896 is for flush mounting and does not include pedestal or rear housing. 123 dB at 10 feet *Ship wt. 49 lbs.*
