HEARTSTART ONSITE DEFIBRILLATOR
THE FIRST DEFIBRILLATOR AVAILABLE WITHOUT
A PRESCRIPTION TO COMMERCIAL USERS

SELF-TEST ENSURES READINESS:
• Daily self-tests check electrical components, subsystem, pads and battery
• Self-test also verifies that the pads cartridge is installed and in working order
• Blinking green “Ready” light means the OnSite has passed its last self-test, so you can be confident the defibrillator is ready for use

LONG BATTERY LIFE:
• 5-year shelf life plus 4-year installed life
• Same battery technology used with confidence in millions of cameras

EASY-TO-USE:
• Using the HeartStart Defibrillator is simple. Pulling the green handle activates the defibrillator and voice instructions. These instructions are paced to your actions, to help guide you through the entire process from placing each pad on the patient to delivering a defibrillation shock.

ZOLL® AED DEFIBRILLATORS
THE FIRST AND ONLY FULL-RESCUE AED

VISUAL PROMPTS GIVEN DURING CPR:
• Not pushing hard/deep enough? Prompts will tell you to push harder.
• Pushing hard enough? It will say, “Good compressions.”
• Not pushing fast enough? A metronome will lead you to the right rate. It will even show you the depth of each compression. In real time.
• Not yet started? The AED Plus® will tell you to get started.
• Compressions stopped? It will tell you to continue.

ZOLL AED PRO® ALSO FEATURES:
• Ruggedness, portability and advanced functionality
• Superior AED design and rubber over-molds built to withstand challenging conditions

EMERGENCY MEDICAL SUPPLIES

DEFIBTECH LIFELINE AEDS

Defibtech Lifeline AED’s breakthrough in design technology makes it possible for every budget to afford a life-saving AED. Mere seconds can mean the difference between life and death. The Defibtech Lifeline AED can be used with minimal steps to analyze and treat the patient’s condition. From the moment someone suffers sudden cardiac arrest, the inspired design features of the Defibtech Lifeline AED (Automatic External Defibrillator) shaves precious seconds off the defibrillation process. Seconds that could save more lives.

DEFIBTECH LIFELINE VIEW WITH SCREEN ALSO FEATURES:
- Video Screen: Shows you what to do in an emergency. Just one touch turns on the AED, lights up the interactive screen and a clear, calm voice tells you what to do with clear, easy to understand pictures and text so you can read it, see it and hear it.

**WATER-JEL FIRE BLANKET**

A one-step system for Emergency First Aid on a burn victim. It puts out the fire, stops burn progression and cools the skin, eases pain, and protects against airborne contamination. Water-Jel Fire Blankets consist of a scientifically formulated cooling gel and a special carrier. The 100% worsted wool blanket is soaked in a water-based/water-soluble, bacteriostatic and biodegradable gel. The full size blanket adequately covers a patient or can be used to douse a fire or dangerous white phosphorous. Dimensions: 5'x6'. Shelf life: 5 years. Ship. wt. 21 lbs.

- Rear of bag has nylon webbing reinforced I.D. pouch with clear vinyl cover
- All pockets and compartments feature double zippers – can be locked for logistical purposes
- Overall Dimensions: 20”L x 16”W x 10”H

BL093
Large EMS Duffle with Supplies, Cylinder and Regulator $484.95
BL040
Large EMS Duffle with Supplies $350.95

LARGE INTERMEDIATE MODULAR TRAUMA BAG

The new BL886 is a premium mid-sized ALS trauma bag, meaning it will hold virtually all of the medical supplies needed for a trauma call, less the oxygen bottle. The BL886 is heavily reinforced from top to bottom so it will withstand years of abuse. It also features multiple pockets, pouches, loops and compartments – including four removable color-coded zippered pouches for quick access to high priority items. The main hold also includes six removable foam dividers that can be customized along with the colored pouches – or removed completely to suit the users’ needs. Multiple points of hi-vis reflective around the bag ensures that it remains visible on-scene.

- Raised PVC/Nylon reinforcement covers bottom and lower half of bag for water and abrasion resistance
- Yellow/silver triple trim reflective striping surrounds bag and 3M scotchlit stitched into webbing and straps
- Blue and white embroidered star of life logo with silver reflective overlay
- Front and side pockets stretch full-length of bag and feature interior elastic instrument loops and nylon pockets with dividers
- Each colored quick access pouch includes clear vinyl window and interior pocket; green has elastic loops for berman airways
- Main flap is padded and features three clear zippered compartments for access to often-used items without disturbing main-hold supplies
- Shoulder strap is stitched with reflective tape and includes ergonomically shaped shoulder pad; adjustable and removable strap is attached with spring loaded metal US hooks
- Rear of bag has nylon webbing reinforced I.D. pouch with clear vinyl cover
- All pockets and compartments feature double zippers – can be locked for logistical purposes
- Overall Dimensions: 20”L x 16”W x 10”H
