- Rear compartment (Can be used for optional 150' booster reel)

Quick
Delivery

Equipped with Darley's Super Single Tire & Wheel Package, the new Max Tactical Pumper™ is engineered to safely get to the fire quickly and into places that a full-size pumper just can't access. Upgraded taller tires on DOT rated wheels get the most power to the ground through all speed ranges and the lift package increases ground clearance for better off-road capability.

Please contact Darley for a full set of specifications or to schedule a demonstration.

Features

- Lift package increases ground clearance for better off-road capability
- Single rear tire improves off-road traction
- 335/80R20 40" tall tires with fender flares
- Heavy duty front bumper with grille and headlight guards as well as a 2" receiver
- 7200 lumen LED driving lights

Super Single Tire & Wheel Package

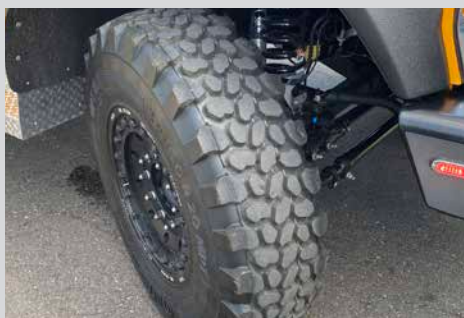

Adds an Additional 6" of Ground Clearance to Your
Max Tactical Pumper™

Custom front bumper with driving lights, brushguard & 2" receiver with power portable winch.

Aluminum rim with aggressive tires to optimize off road drive ability.

Custom suspension & lift to enhance ride, maneuverability and ground clearance.

Quick Response and Full Access

The Darley Super Single Tire & Wheel Package includes 335/80R20 Continental MPT81 tires on DOT rated wheels with bead locks to get the most power to the ground through all speed ranges. A 2" suspension lift is also provided both front and rear. This lift, along with the taller 40" tires will gain you an additional 6" of ground clearance under your Darley Max Tactical Pumper™. Contact Darley for a full set of specifications or to schedule a demonstration.
